The Nature of California - Sarah D. Wald
2016-08-25

The California farmlands have long served as a popular symbol of America's natural abundance and endless opportunity. Yet, from John Steinbeck's *The Grapes of Wrath* and Carlos Bulosan's *America Is in the Heart* to Helena Maria Viramontes's *Under the Feet of Jesus*, many novels, plays, movies, and songs have dramatized the brutality and hardships of working in the California fields. Little scholarship has focused on what these cultural

productions tell us about who belongs in America, and in what ways they are allowed to belong. In *The Nature of California*, Sarah Wald analyzes this legacy and its consequences by examining the paradoxical representations of California farmers and farmworkers from the Dust Bowl migration to present-day movements for food justice and immigrant rights. Analyzing fiction, nonfiction, news coverage, activist literature, memoirs, and more, Wald gives us a new way of thinking through questions of national belonging by probing the relationships among race, labor, and landownership. Bringing together ecocriticism and critical race theory, she pays special attention to marginalized groups, examining how Japanese American journalists, Filipino workers, United Farm Workers members, and contemporary immigrants-rights activists, among others, pushed back against the standard narratives of landownership and citizenship.

The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics. This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media. Part I provides systematic overviews of significant contexts ranging from historical-political backgrounds, short story theories developed by writers, print and digital culture, to current theoretical approaches and canon formation. Part II consists of 35 paired readings of representative short stories by eminent authors, charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age. The handbook examines historically, methodologically, and theoretically the coming together of the enduring narrative practice of compression and concision in American literature. It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture.

The Short Story in Midcentury America -

Sam V. H. Reese 2017-06-06

The Short Story in Midcentury America provides in-depth case studies of four major writers of the post-World War II era—Paul Bowles, Mary McCarthy, Eudora Welty, and Tennessee Williams—examining how they used the contained aesthetics of short fiction to map out an oppositional stance to the dominant narratives, both political and literary, of mid-twentieth century U.S. culture. Sam V. H. Reese presents a new understanding of the connections between politics, ideology, and literary form, arguing that writers employed the short story to critique the cultural mores of the early Cold War. The four authors under discussion found themselves socially marginalized by mainstream U.S. culture due to such factors as their gender, sexual orientation, religion, and foreign residence. Reese shows that each author embraced the short story's compressed form as a means of resisting political coercion and conformity, speaking out in support of freedom and open expression. Reese argues that these four writers used the formal restrictions of the short story to develop a type of fiction that became recognizably countercultural, challenging the expansive, sprawling novels then receiving acclaim from critics. His analysis underscores the means by which each author's short stories utilized the aesthetic practices of mediums outside conventional narrative fiction: Bowles's career as a composer, McCarthy's criticism and memoirs, Williams's playwriting, and Welty's photography. By studying both their prose and its conceptualization, Reese reveals how writers resisted the political and stylistic pressures that defined U.S. literary culture in the early years of the Cold War. In *The Short Story in Midcentury America*, Reese establishes a new framework for considering countercultural literature in the United States, reassessing the critical standing of the short story and re-evaluating the relationship between marginal social positions and literary form during the mid-twentieth century.

100 Years of the Best American Short Stories -

Lorrie Moore 2015-10-06

The Best American Short Stories is the longest running and best-selling series of short fiction in the country. For the centennial celebration of this beloved annual series, master of the form Lorrie Moore selects forty stories from the more than two thousand that were published in previous editions. Series editor Heidi Pitlor recounts behind-the-scenes anecdotes and examines, decade by decade, the trends captured over a hundred years. Together, the stories and commentary offer an extraordinary guided tour through a century of literature with what Moore calls "all its wildnesses of character and voice." These forty stories represent their eras but also stand the test of time. Here is Ernest Hemingway's first published story and a classic by William Faulkner, who admitted in his biographical note that he began to write "as an aid to love-making." Nancy Hale's story describes far-reaching echoes of the Holocaust; Tillie Olsen's story expresses the desperation of a single mother; James Baldwin depicts the bonds of brotherhood and music. Here is Raymond Carver's "minimalism," a term he disliked, and Grace Paley's "secular Yiddishkeit." Here are the varied styles of Donald Barthelme, Charles Baxter, and Jamaica Kincaid. From Junot Díaz to Mary Gaitskill, from ZZ Packer to Sherman Alexie, these writers and stories explore the different things it means to be American. Moore writes that the process of assembling these stories allowed her to look "thrillingly not just at literary history but at actual history — the cries and chattering, silences and descriptions of a nation in flux." *100 Years of The Best American Short Stories* is an invaluable testament, a retrospective of our country's ever-changing but continually compelling literary artistry. LORRIE MOORE, after many years as a professor of creative writing at the University of Wisconsin-Madison, is now the Gertrude Conaway Vanderbilt Professor of English at Vanderbilt University. Moore has received honors for her work, among them the Irish Times International Fiction Prize and a Lannan Foundation fellowship, as well as the PEN/Malamud Award and the Rea Award for her achievement in the short story. Her most recent novel, *A Gate at the Stairs*, was short-

listed for the 2010 Orange Prize for Fiction and for the PEN/Faulkner Award, and her most recent story collection, *Bark*, was short-listed for the Story Prize and the Frank O'Connor Award. HEIDI PITLOR is a former senior editor at Houghton Mifflin Harcourt and has been the series editor of *The Best American Short Stories* since 2007. She is the author of the novels *The Birthdays* and *The Daylight Marriage*.

[American Catholic](#) - Charles Morris 2011-08-24

"A cracking good story with a wonderful cast of rogues, ruffians and some remarkably holy and sensible people." --Los Angeles Times Book Review Before the potato famine ravaged Ireland in the 1840s, the Roman Catholic Church was barely a thread in the American cloth. Twenty years later, New York City was home to more Irish Catholics than Dublin. Today, the United States boasts some sixty million members of the Catholic Church, which has become one of this country's most influential cultural forces. In *American Catholic: The Saints and Sinners Who Built America's Most Powerful Church*, Charles R. Morris recounts the rich story of the rise of the Catholic Church in America, bringing to life the personalities that transformed an urban Irish subculture into a dominant presence nationwide. Here are the stories of rogues and ruffians, heroes and martyrs--from Dorothy Day, a convert from Greenwich Village Marxism who opened shelters for thousands, to Cardinal William O'Connell, who ran the Church in Boston from a Renaissance palazzo, complete with golf course. Morris also reveals the Church's continuing struggle to come to terms with secular, pluralist America and the theological, sexual, authority, and gender issues that keep tearing it apart. As comprehensive as it is provocative, *American Catholic* is a tour de force, a fascinating cultural history that will engage and inform both Catholics and non-Catholics alike. "The best one-volume history of the last hundred years of American Catholicism that it has ever been my pleasure to read. What's appealing in this remarkable book is its delicate sense of balance and its soundly grounded judgments." --Andrew Greeley

The Stories of J.F. Powers - J.F. Powers 2012-11-21

Hailed by Frank O'Connor as one of "the greatest living storytellers," J. F. Powers, who died in 1999, stands with Eudora Welty, Flannery O'Connor, and Raymond Carver among the authors who have given the short story an unmistakably American cast. In three slim collections of perfectly crafted stories, published over a period of some thirty years and brought together here in a single volume for the first time, Powers wrote about many things: baseball and jazz, race riots and lynchings, the Great Depression, and the flight to the suburbs. His greatest subject, however—and one that was uniquely his—was the life of priests in Chicago and the Midwest. Powers's thoroughly human priests, who include do-gooders, gladhanders, wheeler-dealers, petty tyrants, and even the odd saint, struggle to keep up with the Joneses in a country unabashedly devoted to consumption. These beautifully written, deeply sympathetic, and very funny stories are an unforgettable record of the precarious balancing act that is American life.

Wingless Chickens, Bayou Catholics, and Pilgrim Wayfarers - L. Lamar Nisly 2011

Flannery O'Connor, Tim Gautreaux, and Walker Percy, are all Catholic writers from the South—and seem to embody very fully both parts of that label. Yet as quickly becomes clear in their writing, their fiction employs markedly different tones and modes of addressing their audience. O'Connor seems intent on shocking her reader, whom she anticipates will be hostile to her deepest beliefs. Gautreaux gently and humorously engages his reader, inviting his expected sympathetic audience to embrace the characters' needed moral growth. Percy satirically lampoons an array of social ills and failings in the Church, as he tries to get his audience laughing with him while he makes his deadly serious point about the flaws he finds in the church and larger culture. Why do these three writers assume such divergent images of their audience? Why do texts by three writers who each embrace their Southern locale and their Catholic beliefs seem to have so little in

common? To answer these questions, Nisly helps readers understand these authors' fiction by examining the role that place and time had in shaping each author's idea of an audience—and, by extension, his or her manner of addressing that audience. More specifically, Nisly focuses on each author's experience of Catholic community and each author's placement in relation to the Second Vatican Council. Linking together biographical information and a reading of their fiction, Nisly argues that O'Connor's, Gautreaux's, and Percy's sense of audience has been shaped in significant ways by each author's own local experience of Catholicism in his or her home region as well as the larger, global changes of Vatican II that transformed Roman Catholicism.

The Seven Last Words - Fulton J. Sheen
2016-07-06

To Promote, Defend, and Redeem - Arnold Sparr 1990

The Catholic literary revival in America refers both to the impact of the modern resurgence in European Catholic thought and letters upon the American Church between 1920 and 1960, and to efforts by American Catholic leaders to induce a similar flowering in their own country. Sparr examines those areas of Catholic thought and culture that most concerned educated American Catholics, critics, and cultural leaders between 1920 and 1960: the renaissance in Catholic literary, theological, philosophical, and social thought; its application to modern problems; and the growth and development of the 20th century Catholic novel. The Writer and the Cross - Darren J.N. Middleton 2022-06-27

Spiritually engaged readers commonly look toward fiction to better understand the depth of a faithful life, and Christians are no exception. Many followers of Jesus value beautifully written, deftly characterized and pulse-quickening literary art that seems more satisfying than dry, tedious doctrinal textbooks. This book surveys 12 pieces of historical fiction that feature notable Christian thinkers. They include an illustrated children's book about St. Irenaeus of Lyons, a novel about Martin Luther's Reformation, a screenplay focusing on Dietrich Bonhoeffer and even a story about Pope Francis narrated in popular manga style. Rather than arcane literary analyses, this book provides thoughtful and sometimes painful interviews with the authors of the covered works. Most interviewees are little known or emerging writers. Some have published their work with a church or denominational press, others with a major publishing empire or popular print-on-demand platforms. Storytellers reflect on their literary choices and the contexts of their writing, sharing what modern Christians can learn from historical religious fiction.

[The Story of Narrative Preaching](#) - Mike Graves 2015-03-02

Forty years ago the one thing that could be said about sermons was they were biblical. Unfortunately, they were sometimes tedious too. Narrative preaching aimed to fix that, advocating for a dynamic experience of the text over against a static lecture. Preaching could be like the parables of Jesus, intriguing and compelling. *The Story of Narrative Preaching* is the story of seven students who are enrolled in Professor Freeman's preaching course. Once a new trend, narrative preaching is now older than most of them. As Professor Freeman notes, two things went wrong with narrative styles: over time the church became biblically and theologically illiterate, and the promised stress on experience didn't always measure up to the weight of the gospel. Readers are invited to sit in on the class, to reflect on the expositional nature of preaching and to experience the stories of some modern storytellers--Flannery O'Connor, Alice Walker, and others--to see what they might teach us about narratives of depth. In the end we discover what may be the most important word in preaching.

Catholic Christianity - Peter Kreeft 2011-02-21
For the first time in 400 years the Catholic Church has authorized an official universal

catechism which instantly became an international best-seller, the Catechism of the Catholic Church. Using this official Catechism, the highly-regarded author and professor Peter Kreeft presents a complete compendium of all the major beliefs of Catholicism written in his readable and concise style. Since the Catechism of the Catholic Church was written for the express purpose of grounding and fostering catechisms based on it for local needs and ordinary readers, Kreeft does just that, offering a thorough summary of Catholic doctrine, morality, and worship in a popular format with less technical language. He presents a systematic, organic synthesis of the essential and fundamental Catholic teachings in the light of the Second Vatican Council and the whole of the Church's Tradition. This book is the most thorough, complete and popular catechetical summary of Catholic belief in print that is based on the universal Catechism.

Good Boys and Dead Girls - Mary Gordon
2013-08-06

A collection of dazzling and thought-provoking essays from lauded author Mary Gordon Much acclaimed for her novels, Mary Gordon is also a brilliant and wide-ranging essayist. Gathering together twenty-eight of her forays into nonfiction, *Good Boys and Dead Girls* provides a richly autobiographical context for the themes that mark her fiction, such as Irish-American life, Catholicism, embattled families, and the redeeming power of art. Many of the pieces offer insights into artists and other writers: There are admiring accounts of Edith Wharton, Stevie Smith, and Ford Madox Ford, and a piquant critique of the depiction of women by certain celebrated male novelists. Whatever the topic at hand, Gordon proves lively and illuminating company.
