[A Trekking Guide to the Nepal Himalaya](#) - Bob Gibbons 2020-10-23
For centuries the inspirational spires of the Himalaya have been a magical draw for mystics,

sages, hermits and pilgrims. Today the fascination with these highest mountains continues for trekkers, climbers, naturalists, explorers and the curious, all seeking a new

experience. Secretive and serene, the Nepal Himalaya are a fairytale wonderland of picturesque villages, tremendous terraced hillsides, precipitous canyons, forest-filled valleys, pristine nature, quaint Buddhist monasteries and colourful Hindu temples. The hardy, vibrant people could not be more charming as hosts, guides, porters, yak herders and fellow travellers on the myriad of trails. The Nepal Himalaya hide untold treasures. Their sacred, soaring sentinels promise an adventure without equal. The fourth edition of this comprehensive, indispensable guide to the Nepal Himalaya covers the popular as well as the less well-known trekking trails of Nepal. Including: a) introductory section: country background, religion and festivals, practicalities, trek planning, staying healthy, altitude sickness, mountain safety, and the highlights of Kathmandu b) detailed descriptions of the more popular trekking routes: Everest, Annapurna, Langtang, Ganesh, Manaslu & Tsum, Rolwaling

and Dolpo, along with the newly developing Kanchenjunga, Makalu and Lumbasumba treks and the Dhaulagiri area c) outline suggestions for routes where camping is still the only option: including West Nepal (Simikot, Saipal and Limi Valley)

To Nepal With Love - Cristi Hegranes
2013-10-01

Nepal is far more than a few video nights in Kathmandu and a brief taste of the Himalayas. This book gives a tempting and comprehensive view of where to go and what to do in the farthest reaches of this little-known country. With tips on learning Nepali, where to spend a day or two as a volunteer, where to embark upon a course of meditation, as well as favorite places to eat, shop, and explore, To Nepal With Love gives travelers the chance to enjoy and experience the country as residents and

knowledgeable travelers do.

Into Thin Air - Jon Krakauer 1998-11-12

#1 NATIONAL BESTSELLER • "A harrowing tale of the perils of high-altitude climbing, a story of bad luck and worse judgment and of heartbreaking heroism." —PEOPLE A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. The storm, which claimed five lives and left countless more—including Krakauer's—in guilt-ridden disarray, would also provide the impetus for *Into Thin Air*, Krakauer's epic account of the May 1996 disaster. By writing *Into Thin Air*, Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless

and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman, the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself, further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly, Krakauer remains haunted by the disaster, and although he relates a number of incidents in which he acted selflessly and even heroically, he seems unable to view those instances objectively. In the end, despite his evenhanded and even generous assessment of others' actions, he reserves a full measure of vitriol for himself. This updated trade paperback edition of *Into Thin Air* includes an extensive new postscript that sheds fascinating light on the acrimonious debate that flared between Krakauer and Everest guide Anatoli Boukreev in

the wake of the tragedy. "I have no doubt that Boukreev's intentions were good on summit day," writes Krakauer in the postscript, dated August 1999. "What disturbs me, though, was Boukreev's refusal to acknowledge the possibility that he made even a single poor decision. Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients." As usual, Krakauer supports his points with dogged research and a good dose of humility. But rather than continue the heated discourse that has raged since Into Thin Air's denouncement of guide Boukreev, Krakauer's tone is conciliatory; he points most of his criticism at G. Weston De Walt, who coauthored *The Climb*, Boukreev's version of events. And in a touching conclusion, Krakauer recounts his last conversation with the late Boukreev, in which the two weathered climbers agreed to disagree about certain points. Krakauer had great hopes to patch things up with Boukreev, but the Russian later died in an

avalanche on another Himalayan peak, Annapurna I. In 1999, Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters--a prestigious prize intended "to honor writers of exceptional accomplishment." According to the Academy's citation, "Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer. His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan wilderness, delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind."

Trekking in Nepal - Stephen Bezruchka 1997
Describes the history, customs, traditions,

geology, climate, national parks and conservation areas, religion, and wildlife of this Himalayan country.

Trekking in the Annapurna Region - Bryn Thomas 2005

Following the Kali Gandaki River through the world's deepest valley, an ancient Tibetan trade route cuts across the Annapurna region. It's an area of astounding natural beauty ranging from lush rice fields in the south to the high-altitude desert plateau in the north, past Himalayan peaks of over 26,000 ft. This fully revised and expanded fourth edition includes fifteen village plans and forty-five route maps covering these classic treks: >Annapurna Circuit >Annapurna Sanctuary >Pokhara to Poon Hill >Pokhara-Jomsom-Muktinath >Tilicho Tal >Dhaulagiri Ice-fall >Plus- Manang Valley hikes, Siklis Eco-Trek, day walks from Jomsom, and an introduction to trekking peaks in the Annapurna region

Birds of Nepal - Richard Grimmett 2020-08-06
This fully updated edition of Birds of Nepal is the

most comprehensive guide to the birds of this beautiful Himalayan country. Every species of bird recorded in Nepal is covered in this fantastic guide, including vagrants, with accurate distribution maps for most species. More than 790 species are featured with illustrations and concise text covering essential information for quick and easy reference. The comprehensive text covers voice, habits, habitats, altitudinal range, distribution and status to aid accurate identification. The texts have been completely re-written for this edition and many of the illustrations have been replaced. In addition, maps have been included for the first time.

Wild Orchids in Nepal - Kevin White 2000

Nepal Trekking and the Great Himalaya Trail - Robin Boustead 2010-11-15

Route and planning guide to the best trekking in Nepal - This guide includes the most popular routes as well as the newest trekking areas for true trailblazers. Extensive planning sections to help visitors choose a trek. Also includes the new Great Himalaya Trail. The three main trekking regions, Everest, Annapurna and Langtang attract tens of thousands of trekkers every year. Facilities have never been better and easily rival those found in Europe. Trails are well maintained and safe, and the locals will welcome you with genuine friendliness that will make your heart melt. The other two-thirds of Nepal's mountain terrain is normally considered 'off-the-beaten-track'. From the lush rhododendron forests of the east to the dense woodlands of the west there is wilderness and remote communities that have remained relatively

untouched. In 2002, the Nepali government reconciled all border disputes with its northern neighbor China. This de-militarized seven border areas and for the first time in over fifty years tourists were allowed to explore them. All of these areas offer unique trekking opportunities, as many resemble the now popular regions as they were thirty or more years ago. They also tend to be next to the major trekking routes so it's possible to design itineraries combining old and new routes thus making your holiday a more

'complete' Nepali experience. One of the great trekking 'holy grails' has been a potential route, through the remotest peaks of the entire Himalaya, which joins all the major trekking regions. The author is the first to person to survey, plot and describe such a route, which is called the Great Himalaya Trail (GHT). The Nepal section of the GHT would take about 160 days of continuous walking so it is broken into sections for convenience.
