The Raven Illustrated by Gustave Doré - Edgar Allan Poe 2019-01-09

In the following pages, we have a fresh example of an artist's genius characterizing his interpretation of a famous poem. Gustave Doré, the last work of whose pencil is before us, was not the painter, or even the draughtsman, for realists demanding truth of tone, figure, and perfection. Such matters concerned him less than to make shape and distance, light and shade, assist his purpose, -which was to excite the soul, the imagination, of the looker on. This he did by arousing our sense of awe, through marvellous and often sublime conceptions of things unutterable and full of gloom or glory. It is well said that if his works were not great paintings, as pictures they are great indeed. As a "literary artist," and such he was, his force was in direct ratio with the dramatic invention of his author, with the brave audacities of the spirit that kindled his own.

Night of the Raven, Dawn of the Dove - Rati Mehrotra 2022-10-18

In Rati Mehrotra's YA fantasy novel *Night of the Raven, Dawn of the Dove*, a young guardswoman struggles with her unwitting role as a major pawn in the deadly games between two kingdoms in a monster-infested alternate medieval India. Bound to the queen of Chandela by a forbidden soul bond that saved her when she was a child, Katyani has never fallen short of what's expected of her—becoming the best guardswoman the Garuda has ever seen and an advisor to the crown prince when he ascends to the throne. But when the latest assassination attempt against the royals leaves them with a faceless body and no leads to the perpetrator, Katyani is unwillingly shipped off to guard the Chandela

princes in Acharya Mahavir's esteemed monastic school in Nandovana, a forest where monsters have roamed unchecked for generations. Katyani wants nothing more than to return to her duties, especially when the Acharya starts asking questions about her past. The only upside of her stay are her run-ins with Daksh, the Acharya's son, who can't stop going on about the rules and whose gaze makes her feel like he can see into her soul. But when Katyani and the princes are hurriedly summoned back to Chandela before their training is complete, tragedy strikes and Katyani is torn from the only life she has ever known. Alone and betrayed in a land infested with monsters, Katyani must find the answers to her past so she can save what she loves and forge her own destiny. Bonds can be broken, but debts must be repaid.

Illustrated About The Works of Edgar Allan Poe - Volume I by Edgar Allan Poe
Edgar Allan Poe, January 19, 1809 - October 7, 1849) was an American writer, editor, and literary critic. Poe is best known for his poetry and short stories, particularly his tales of mystery and the macabre. Widely regarded as a central figure of Romanticism in the United States and American literature as a whole, he was one of the country's earliest practitioners of the short story. Poe is generally considered the inventor of the detective fiction genre and is further credited with contributing to the emerging genre of science fiction. He was the first well-known American writer to try to earn a living through writing alone, resulting in a financially difficult life and career. Born in Boston, Poe was the second child of two actors. His father abandoned the family in 1810, and his mother died the following year. Thus orphaned, the child was taken in by John and Frances Allan, of Richmond, Virginia. Although they never formally adopted him, Poe was with them well into young adulthood. Tension developed later as John Allan and Edgar repeatedly clashed over debts, including those incurred by gambling, and the cost of secondary education for the young man. Poe attended the University of Virginia for one semester but left due to lack of money. Poe quarreled with Allan over the funds for his education and enlisted in the Army in 1827 under an assumed name. It was at this time his publishing career began, albeit humbly, with an anonymous collection of poems, *Tamerlane and Other Poems* (1827), credited only to "a Bostonian". With the death of Frances Allan in 1829, Poe and Allan reached a temporary rapprochement. Later failing as an officer's cadet at West Point and declaring a firm wish to be a poet and writer, Poe parted ways with John Allan.

Make Prayers to the Raven - Richard K. Nelson 2020-05-23

"Nelson spent a year among the Koyukon people of western Alaska, studying their intimate relationship with animals and the land. His chronicle of that visit represents a thorough and elegant account of the mystical connection between Native Americans and the natural world."—Outside "This admirable reflection on the natural history of the Koyukon River drainage in Alaska is founded on knowledge the author gained as a student of the Koyukon culture, indigenous to that region. He presents these Athapascan views of the land—principally of its animals and Koyukon relationships with those creatures—together with a measured account of his own experiences and doubts. . . . For someone in search of a native American expression of 'ecology' and natural history, I can think of no better place to begin than with this work."—Barry Lopez, Orion Nature Quarterly "Far from being a romantic attempt to pass on the spiritual lore of Native Americans for a quick fix by others, this is a very serious ethnographic study of some Alaskan Indians in the Northern Forest area. . . . He has painstakingly regarded their views of earth, sky, water, mammals and every creeping thing that creepeth upon the earth. He does admire their love of nature and spirit. Those who see the world through his eyes using their eyes will likely come away with new respect for the boreal forest and those who live with it and in it, not against it."—The Christian Century "In Make Prayers to the Raven Nelson reveals to us the Koyukon beliefs and attitudes

toward the fauna that surround them in their forested habitat close to the lower Yukon. . . . Nelson's presentation also gives rich insights into the Koyukon subsistence cycle through the year and into the hardships of life in this northern region. The book is written with both brain and heart. . . . This book represents a landmark: never before has the integration of American Indians with their environment been so well spelled out."—Ake Hultkrantz, Journal of Forest History
