*The Sea We Swim In: How Stories Work in a Data-Driven World* - Frank Rose  
2021-06-29

A practical guide to "narrative thinking," and why it matters in a world defined by data. In *The Sea We Swim In*, Frank Rose leads us to a new understanding of stories and their role in our lives. For decades, experts from many fields—psychologists, economists, advertising and marketing executives—failed to register the power of narrative. Scientists thought stories were frivolous. Economists were knee-deep in theory. Marketers just wanted to cut to the sales

pitch. Yet stories, not reasoning, are the key to persuasion. Whether we're aware of it or not, stories determine how we view the world and our place in it. That means the tools of professional storytellers—character, world, detail, voice—can unlock a way of thinking that's ideal for an age in which we don't passively consume media but actively participate in it. Building on insights from cognitive psychology and neuroscience, Rose shows us how to see the world in narrative terms, not as a thesis to be argued or a pitch to be made but as a story to be told. Leading brands and top entertainment professionals already understand the vast potential of storytelling. From Warby Parker to Mailchimp to The Walking Dead, Rose explains how they use stories to establish their identity and turn ordinary people into fans—and how you can do the same.

**Jack Frost** - William Joyce  
2020-09-15

The Guardians' powers are put to the ultimate test in their final battle in this thrilling conclusion to the epic chapter book series from William Joyce.

When we last saw the Guardians, they were celebrating their victory during Bright Night, the final great Battle of the Moon, where they defeated Pitch once and for all. Or so they thought. Now, many years later, the Guardians have settled into their final selves, embracing their public images and the Earth Holidays. But the world has not been without evil since Pitch's imprisonment. All the Guardians feel the weight of lurking menace, but Jack Frost—now half human, half of his former self Nightlight—feels it the most. Jack's transition from

Nightlight to Guardian was not an easy one. Always inclined to keep to himself, Jack has become especially isolated from the other Guardians since his transformation. Yet it is Jack who Ombric Shalazar (once a great wizard, now known as Father Time) trusts with a tremendous secret. But for Jack to fully understand this secret, he must revisit his past—and finally tell his story. Jack’s story, however, isn’t the only one to be reopened; an old enemy whose chapter we thought closed will reappear and with him bring a darkness and destruction that will test the Guardians like never before. It’s a battle of superlatives—the worse fighting the greatest, but where, oh where, is Jack?
