Excerpt from Selected Quotations on Peace and War: With Especial Reference to a Course of Lessons on International Peace, a Study in Christian Fraternity Included in This Volume We believe in the Universal human Brotherhood. The crusade of Brotherhood is the most remarkable and prophetic of all the social movements of the modern world. - Amory H. Bradford. Humanity is here and God is here and the glory of Jesus Christ lies in the light that he has poured upon both. He has taught us that the final truth about man is life in the fellowship of love; he has taught us that this fellowship on earth is possible because of the ineffable fellowship of love in God. In the presence of God's world-plan all men are

one. We are one in origin, in fortune, and in destiny. - George A. Gordon. I wish we might take home to ourselves this one thought that God is our Father and that we are his children. Our Father - the Father of us all ... The Father not only of patriarchs and prophets, of saints and martyrs, of the holy and excellent of the earth, but the Father of publicans and sinners, of heathen men and criminals, of the vilest and the worst just as truly as of the purest and the best. It is the one word that we have to speak to all sorts and conditions of men - the one message which every messenger of God has to deliver - God is your Father, you are all his children. - Washington Gladden, Present Day Theology, p. 36. **A Heart Full of Peace** - Joseph Goldstein 2010-10-19

Love, compassion, and peace - these words are at the heart of all spiritual endeavors. Although we intuitively resonate with their meaning and value, for most of us, the challenge is how to embody what we know; how to transform these words into a vibrant, living practice. In these times of conflict and uncertainty, this transformation is far more than an abstract ideal; it is an urgent necessity. Peace in the world begins with us. This wonderfully appealing offering from one the most trusted elders of Buddhism in the West is a warm and engaging exploration of the ways we can cultivate and manifest peace as wise and skillful action in the world. This charming book is illuminated throughout with lively, joyous, and sometimes even funny citations from a host of contemporary and ancient sources - from the poetry of W.S. Merwin and Galway Kinnell to the haiku of Issa and the great poet-monk Ryokan, from the luminous

aspirations of Saint Francis of Assisi to the sage advice of Thich Nhat Hanh and the Dalai Lama.

**Mindful leadership for sustainable peace** - Thich Duc Thien 2019-04-16

EDITORS' INTRODUCTION BACKGROUND We are experiencing an unprecedented period where wide ranging and disruptive major global change is taking place around us. In this context, the theme of Mindful Leadership and Sustainable Development provides a point of reference and pathway for understanding the contemporary chaotic situations. These disruptive changes challenge our understanding and meaning of

humanity and truly question whether or not, we are able to live in a society where justice, equality, peace, and prosperity abound. In the Buddhist light, a focus is placed on understanding the Buddhist teachings to develop solutions for dealing with these wide-ranging problems. Both the scope of change and the response from a Buddhist approach are core to the content of this volume. It is of paramount importance that any investigation and development of solutions for the changes taking place, require guidance from the Buddhist philosophy. As a starting point for discussion, an initial focus is placed on providing a thorough and critical understanding of the character and context of change. In doing so, we also seek to clarify and outline the nature of a Buddhist approach. In completing this review, it is productive to see that given the complex issues being dealt with, the papers do generate different frameworks and viewpoints within the broad term of "approach." The frameworks based on the Buddha's teachings are not fully fixed and agreed upon by all. Therefore, our term "approach" refers to a set of arrangements and viewpoints that act to inspire further discussion and development. Given the above context, this volume is a collection of conference papers presented and published for the panel on the first sub-theme of UNDV 2019 on Mindful Leadership for Sustainable Peace on 13 May 2019 at the Tam Chuc International Convention Center, Ha Nam, Vietnam. The panel commemorates the occasion of the 16th United Nations Day of Vesak Celebrations 2019. Through the contributions of participants and their papers at this workshop, this volume provides a diverse and rich range of thinking and wisdom rather than more traditional mainstream thinking or conventional wisdom. Treating the Buddha's teachings as a basic theoretical reconstruction, we examine the relationships between societies and Buddhism. We combine the analyses of the conflicts, trends and dynamics affecting future global development with focused studies on a range of policy areas for improving societies. In the Buddhist light, our two most crucial aims in this period of disruption are to greatly increase the influence and impact of Buddhism as our foremost duty; and that the Buddhist responsibility contributes to creating a new foundation for Mindful

Leadership and Sustainable Development.

*Nineteen Eighty-Four - George Orwell 2021-01-09*

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.
