This book is an attempt to contextualize the upsurge in this form of cinema in Bollywood/Hindi film industry. It also aims to promote an academic enquiry into the works of these filmmakers, their religious beliefs, social moorings, cinematic influences, attitudes towards filmmaking and experiences of making movies. Yash Chopra - Rachel Dwyer 2019-07-25

As a charismatic director in the Indian film industry, Chopra's name is synonymous with the glamour of the romantic film and a certain style within Indian culture. Spanning four decades, his directed features include some of the classic films of Indian film history, such as 'Deewaar' and 'Kabhi Kabhie'. His directorial career began in 1959 with 'Dhool Ka Phool' and he has been a major producer since 1973, consolidating his success in the 1990s with a series of huge box office hits including 'Dilwale Dulhaniya Le Jayenge'. He has also worked in other Hindi movie genres, directing action movies such as 'Mashaal' and a thriller, 'Darr'. This book discusses in depth his work with the Hindi megastar Amitabh Bachchan in films such as 'Deewaar', 'Trishul', 'Kala Patthar' and 'Silsila' and how, in his transformation of the look of mainstream cinema in 'Dil To Pagal Hai' and other films, Yash Chopra has proved to be a tireless innovator within a mainstream tradition. The author integrates this analysis with information about the man and his work, based on interviews with Yash Chopra, his family, his colleagues, his stars, his contemporaries and major critics that include views from Amitabh Bachchan, Shahrukh Khan, Shashi Kapoor and Sri Devi. A study of a top contemporary Indian film director, Rachel Dwyer's book also examines the influence on Chopra of predecessors such as Raj Kapoor and how his own legacy can be seen in such films as 'Kuch Kuch Hota Hai' and younger directors such as Karan Johar and Aditya Chopra.

Pakistan Under Siege - Madiha Afzal 2018-01-02

Over the last fifteen years, Pakistan has come to be defined exclusively in terms of its struggle with terror. But are ordinary Pakistanis extremists?

And what explains how Pakistanis think? Much of the current work on extremism in Pakistan tends to study extremist trends in the country from a detached position—a top-down security perspective, that renders a one-dimensional picture of what is at its heart a complex, richly textured country of 200 million people. In this book, using rigorous analysis of survey data, in-depth interviews in schools and universities in Pakistan, historical narrative reporting, and her own intuitive understanding of the country, Madiha Afzal gives the full picture of Pakistan's relationship with extremism. The author lays out Pakistanis' own views on terrorist groups, on jihad, on religious minorities and non-Muslims, on America, and on their place in the world. The views are not radical at first glance, but are riddled with conspiracy theories. Afzal explains how the two pillars that define the Pakistani state—Islam and a paranoia about India—have led to a regressive form of Islamization in Pakistan's narratives, laws, and curricula. These, in turn, have shaped its citizens' attitudes. Afzal traces this outlook to Pakistan's unique and tortured birth. She examines the rhetoric and the strategic actions of three actors in Pakistani politics—the military, the civilian governments, and the Islamist parties—and their relationships with militant groups. She shows how regressive Pakistani laws instituted in the 1980s worsened citizen attitudes and led to vigilante and mob violence. The author also explains that the educational regime has become a vital element in shaping citizens' thinking. How many years one attends school, whether the school is public, private, or a madrassa, and what curricula is followed all affect Pakistanis' attitudes about terrorism and the rest of the world. In the end, Afzal suggests how this beleaguered nation—one with seemingly insurmountable problems in governance and education—can change course.

Mafia Queens of Mumbai - S. Hussain Zaidi 2011

Analysed in print, immortalised on film, their lives, their gangs, More...their 'businesses' are out there for anyone who wants the information. Hussain Zaidi and Jane Borges explore the lives of some of these women, and how, in cold blood, they were able to make their way up in what was certainly a man's world. 50 Films That Changed Bollywood, 1995-2015 - Shubhra Gupta 2016-12-10

Hindi cinema was trapped in formulaic cliches for decades: lost-and-found themes, sacrificing mothers, brothers on opposite sides of the law, villains lording over their dens, colourful molls, six songs, the use of rape as a plot pivot, and cops who always arrived too late. It hit an all-time low in the 1980s. Then, in 1991, came liberalization, and a wave of openness and aspiration swept across urban India. Dilwale Dulhania Le Jayenge was released in 1995 - and Hindi cinema became Bollywood. A new crop of film-makers began to challenge and break away from established rules. Over the next twenty years, a number of Hindi films consistently pushed the envelope in terms of content and technique to

create a new kind of cinema. Among other innovations, film-makers came up with ways of crowd funding a film (Ankhon Dekhi), did away with songs if the narrative did not need them (Gangaajal), addressed different sexual preferences (My Brother ... Nikhil) and people with special needs (Black) like no one had ever done before. As film critic with the Indian Express, Shubhra Gupta has stayed the course these twenty years and more and experienced the transition first-hand. In 50 Films That Changed Bollywood, 1995-2015, she looks at the modern classics that have redefined Hindi cinema - from DDLJ and Rangeela to Satya and Dev D to Queen and Bajrangi Bhaijaan. Gupta offers a fascinating glimpse into how these films spoke to their viewers and how the viewers reacted to them - and, ultimately, how they changed us and how we changed them.

100 Bollywood Films - Rachel Dwyer 2019-07-25

This informative screen guide reflects the work of key directors, major stars and important music directors and screenplay writers. Historically important films have been included along with certain cult movies and top box office successes. No guide to Hindi film would be complete without discussing: Mother India, the national epic of a peasant woman's struggle against nature and society to bring up her family; Sholay, a 'curry western' where the all-star cast sing and dance, romance and kill; Dilwale Dulhania le Jayenge, the greatest of the diaspora films, in which two British Asians fall in love on a holiday in Europe before going to India where they show their elders how to incorporate love into family traditions; Junglee, showing how love transforms a 'savage' (junglee) who yells 'Yahoo!' before singing and dancing like Elvis, creating a new youth culture; Pyaasa, dramatically shot in black and white film with haunting songs as the romantic poet suffers for his art in the material world; Fans of Bollywood film can debate Rachel Dwyer's personal selection of these 101 titles while those new to the area will find this an invaluable introduction to the best of the genre.

What Works in Girls' Education - Gene B Sperling 2015-09-29

Hard-headed evidence on why the returns from investing in girls are so high that no nation or family can afford not to educate their girls. Gene Sperling, author of the seminal 2004 report published by the Council on Foreign Relations, and Rebecca Winthrop, director of the Center for Universal Education, have written this definitive book on the importance of girls' education. As Malala Yousafzai expresses in her foreword, the idea that any child could be denied an education due to poverty, custom, the law, or terrorist threats is just wrong and unimaginable. More than 1,000 studies have provided evidence that high-quality girls' education around the world leads to wide-ranging returns: Better outcomes in economic areas of growth and incomes Reduced rates of infant and maternal mortality Reduced rates of child marriage Reduced rates of the incidence of HIV/AIDS and malaria Increased agricultural productivity Increased resilience to natural disasters Women's empowerment What Works in Girls' Education is a compelling work for both concerned global citizens, and any academic, expert, nongovernmental organization (NGO) staff member, policymaker, or journalist seeking to dive into the evidence and policies on girls' education.

The Legend of Lakshmi Prasad - Lakshmi Prasad 2016-10-28

I am Lakshmi Prasad, native of Bitihar. I am doing PhD on a very important subject "Mating habits of gay chimpanzees in West Africa" at PANU University, the best University in India and possibly the best University in the world. My idols are "Faizal Guru", "Janab Kasab Sahib", "Focus Carat", "Baba Badkar", "Zakir Nalayak", "Gharkha Dutt", "Dr. Kana Ayyub" and all PhD students who had committed suicide since they failed to solve their PhD problems. I personally feel that, all deprived Indians should automatically be awarded a PhD degree coupled with a free pension of 1 lakh rupees/month to be delivered in cash via post at door step. Till then we are going to fight for azaadi from India. Imagine a day, when no PhD student would have to commit suicide, imagine a day, when no lower caste will be humiliated by upper caste, s/he can use his/her doctorate degree and force others to call him/her Dr. X, Dr. Y, etc.

Pakeezah - Meghnad Desai 2013-08-01

Meghnad Desai tracks the film's tortuous journey and reveals

fascinating, little-known aspects of it. He foregrounds the craftsmanship, perseverance and perfectionism of its maker, Kamal Amrohi, who would wait weeks for the perfect sunset. Desai sees the film as a 'Muslim social' set in a 'Lucknow of the Muslim imagination', as a woman-centric film with a dancing heroine at a time when they were a rarity and above all, as a film that harkes back to an era of 'nawabi culture with its exquisite tehzeeb', a world that is lost forever. Pakeezah: An Ode to a Bygone World is a fitting tribute to a film that Meghnad Desai calls 'a monument to the golden age of Hindustani films'.

Carve Your Life - Prem Jagyasi 2019-01-22

We have more things, but are we more of ourselves? Carvism, the author's indigenously developed philosophy, is the art of carving away unnecessary things and keeping only that which is of true value. As we grow older, we begin accumulating many needless beliefs, opinions, habits and tendencies. By the time we are adults, our true self is already hidden behind the rocks of superfluities. We are prisoners of the unnecessary, and the only way to free our beautiful true self is by chipping away the inessential from our lives. Just as a sculptor carves out the beauty hidden in a piece of stone, we, too, need to take a hammer and chisel to our selves. The first section provides an insight into various principles of Carvism. This section is followed by self-carving qualities, which are the essential abilities you need to carve out the life you want. 'Shape your mind' is about using human psychology and the subconscious mind to your advantage. 'Find your passion' shows you the way to discover your inner calling. Subsequent chapters provide step-by-step instructions on inculcating the true essence of Carvism in one's professional and personal life, and explain how the Carve Your Life philosophy can put them on the path to discovering their true selves. Love and Sex in Islam - Abdullah R. Muhametov 2013-04-15

Everything you wanted to know about sex and love in Islam, but were hesitant to ask about: polygamy, contraception allowed by Sharia, oral and group sex, homosexual marriages and also the relationship with jinns, masturbation and mysteries of martial relations - all that is allowed and all that is prohibited in sexual relations in this noble and pure religion. Many people both in the West and Russia continue to have a mistaken illusion that love, sex and variability of relations between man

and woman are either suppressed in Islam or in contrary exceed all norms of decency. the book is an insight into this matter. The Muslim man is perceived as an ideal type of an always ready sexual partner. Love and Sex in Islam lifts the veil covering the delicate theme, in which the phenomena seeming incompatible turn out to be good neighbors.

How Tobacco Smoke Causes Disease - 2010

This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's

reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.
