The Endurance of Frankenstein - George Levine 1982-05-19

MARY SHELLEY's Frankenstein; or, The Modern Prometheus grew out of a parlor game and a nightmare vision. The story of the book's origin is a famous one, first told in the introduction Mary Shelley wrote for the 1831 edition of the novel. The two Shelleys, Byron, Mary's stepsister Claire Clairmont, and John William Polidori (Byron's physician) spent a "wet, ungenial summer in the Swiss Alps." Byron suggested that "each write a ghost story." If one is to trust Mary Shelley's account (and James Rieger has shown the untrustworthiness of its chronology and particulars), only she and "poor Polidori" took the contest seriously. The two "illustrious poets," according to her, "annoyed by the platitude of prose, speedily relinquished their uncongenial task." Polidori, too, is made to seem careless, unable to handle his story of a "skull-headed lady." Though Mary Shelley is just as deprecating when she speaks of her own "tiresome unlucky ghost story," she also suggests that its sources went deeper. Her truant muse became active as soon as she fastened on the "idea" of "making only a transcript of the grim terrors of my waking dream": "I have found it! What terrified me will terrify others." The twelve essays in this collection attest to the endurance of Mary Shelley's "waking dream." Appropriately, though less romantically, this book also grew out of a playful conversation at a party. When several of the contributors to this book discovered that they were all closet aficionados of Mary Shelley's novel, they decided that a book might be written in which each contributor-contestant might try to account for the persistent hold that Frankenstein continues to exercise on the popular imagination. Within a few months, two films--Warhol's Frankenstein and Mel Brooks's Young Frankenstein--and the Hall-Landau and Isherwood-Bachardy television versions of the novel appeared to remind us of our blunted purpose. These manifestations were an auspicious sign and resulted in the book Endurance of Frankenstein.

The Dark Descent of Elizabeth Frankenstein - Kiersten White 2019-10-08

A NEW YORK TIMES BESTSELLER AN NPR BEST BOOK OF THE YEAR A CHICAGO PUBLIC LIBRARY

BEST BOOK OF THE YEAR "Inescapably compelling." —VICTORIA SCHWAB, #1 New York Times bestselling author of The Invisible Life of Addie Larue "A masterful and monstrous retelling." —STEPHANIE GARBBER, #1 New York Times and internationally bestselling author of Caraval and Legendary A stunning and dark reimagining of Frankenstein told from the point-of-view of Elizabeth Lavenza, who is taken in by the Frankenstein family. Elizabeth Lavenza hasn't had a proper meal in weeks. Her thin arms are covered with bruises from her "caregiver," and she is on the verge of being thrown into the streets . . . until she is brought to the home of Victor Frankenstein, an unsmiling, solitary boy who has everything—except a friend. Victor is her escape from misery. Elizabeth does everything she can to make herself indispensable—and it works. She is taken in by the Frankenstein family and rewarded with a warm bed, delicious food, and dresses of the finest silk. Soon she and Victor are inseparable. But her new life comes at a price. As the years pass, Elizabeth's survival depends on managing Victor's dangerous temper and entertaining his every whim, no matter how depraved. Behind her blue eyes and sweet smile lies the calculating heart of a girl determined to stay alive no matter the cost . . . as the world she knows is consumed by darkness. **Ebook exclusive: the full text of Mary Shelley's FRANKENSTEIN**

Was Frankenstein Really Uncle Sam? Vol III - Richard J. Rolwing 2007-03-31

Romanticism and the Letter - Madeleine Callaghan 2020-01-29

Romanticism and the Letter is a collection of essays that explore various aspects of letter writing in the Romantic period of British Literature. Although the correspondence of the Romantics constitutes a major literary achievement in its own right, it has received relatively little critical attention. Essays focus on the letters of major poets, including Wordsworth, Byron, Shelley and Keats; novelists and prose writers, including Jane Austen, Leigh Hunt and Charles Lamb; and lesser-known writers such as Melesina Trench and Mary Leadbeater. Moving from theories of letter writing, through the period's diverse epistolary culture, to essays on individual writers, the collection opens new perspectives for students and scholars of the Romantic period.

Ethics and Security Aspects of Infectious Disease Control - Michael J. Selgelid 2016-05-13

The increasing emergence, re-emergence, and spread of deadly infectious diseases which pose health, economic, security and ethical challenges for states and people around the world, has given rise to an important global debate. The actual or potential burden of infectious diseases is sometimes so great that governments treat them as threats to national security. However, such treatment potentially increases the risk that emergency disease-control measures will be ineffective, counterproductive and/or unjust. Research on ethical issues associated with infectious disease is a relatively new and rapidly growing area of academic inquiry, as is research on infectious diseases within the field of security studies. This volume incorporates ethical and security perspectives, thus furthering research in both fields. Its unique focus on the intersection of ethical and security dimensions will, furthermore, generate fresh insights on how governments should respond to infectious disease challenges. Readers should include professionals and scholars working in infectious disease, epidemiology, public health, health law, health economics, public policy, bioethics, medical humanities, health and human rights, social/political philosophy, security studies, and international politics.

Frankenstein (Annotated and Illustrated) Volume - Mary Shelley 2020-02-27

Mary Shelley began writing Frankenstein when she was only eighteen. At once a Gothic thriller, a passionate romance, and a cautionary tale about the dangers of science, Frankenstein tells the story of committed science student Victor Frankenstein. Obsessed with discovering the cause of generation and life and bestowing animation upon lifeless matter, Frankenstein assembles a human being from stolen body parts but; upon bringing it to life, he recoils in horror at the creature's hideousness. Tormented by isolation and loneliness, the once-innocent creature turns to evil and unleashes a campaign of murderous revenge against his creator, Frankenstein. Frankenstein, an instant bestseller and an important ancestor of both the horror and science fiction genres, not only tells a terrifying story, but also raises profound, disturbing questions about the very nature of life and the place of humankind within the cosmos: What does it mean to be human? What responsibilities do we have to each other? How far can we go in tampering with Nature? In our age, filled with news of organ donation genetic engineering, and bio-terrorism, these questions are more relevant than ever.

The Rime of the Ancient Mariner - Samuel Taylor Coleridge 1906

Rivers of the Anthropocene - Jason M. Kelly 2018

At publication date, a free ebook version of this title will be available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. This exciting volume presents the work and research of the Rivers of the Anthropocene Network, an international collaborative group of scientists, social scientists, humanists, artists, policy makers, and community organizers working to produce innovative transdisciplinary research on global freshwater systems. In an attempt to bridge disciplinary divides, the essays in this volume address the challenge in studying the intersection of biophysical and human sociocultural systems in the age of the Anthropocene, a new geological epoch of humans' own making. Featuring contributions from authors in a rich diversity of disciplines—from toxicology to archaeology to philosophy—this book is an excellent resource for students and scholars studying both freshwater systems and the Anthropocene.

Omnibus III - Douglas Wilson 2006-12

Nineteen Eighty-Four - George Orwell 2021-01-09

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

501 Critical Reading Questions - 2004

Many standardized tests, including high school entrance exams, PSAT, SAT, and GRE, professional and civil

service qualifying exams, all use reading comprehension questions to test critical reading skills. This book includes short and long passages designed to help you become familiar with the passages found on your test, as well as the typical questions that you will be asked to answer. In this workbook, test-takers get immediate, focused practice on preparing for and answering questions based on critical reading passages. The Skill Builder in Focus method provides the targeted practice necessary to attain higher scores.

In Frankenstein's Wake - Alison Bedford 2020-12-28

Just over 200 years ago on a stormy night, a young woman conceived of what would become one of the most iconic images of science gone wrong, the story of Victor Frankenstein and his Creature. For a long period, Mary Shelley languished in the shadow of her luminary husband, Percy Bysshe Shelley, but was rescued from obscurity by the feminist scholars of the 1970s and 1980s. This book offers a new perspective on Shelley and on science fiction, arguing that she both established a new discursive space for moral thinking and laid the groundwork for the genre of science fiction. Adopting a contextual biographical approach and undertaking a close reading of the 1818 and 1831 editions of the text give readers insight into how this story synthesizes many of the concerns about new science prevalent in Shelley's time. Using Michel Foucault's concept of discourse, the present work argues that Shelley should be not only credited with the foundation of a genre but recognized as a figure who created a new cultural space for readers to explore their fears and negotiate the moral landscape of new science.

Frankenstein - Mary Shelley 2017-04-28

The original 1818 text of Mary Shelley's classic novel, with annotations and essays highlighting its scientific, ethical, and cautionary aspects. Mary Shelley's Frankenstein has endured in the popular imagination for two hundred years. Begun as a ghost story by an intellectually and socially precocious eighteen-year-old author during a cold and rainy summer on the shores of Lake Geneva, the dramatic tale of Victor Frankenstein and his stitched-together creature can be read as the ultimate parable of scientific hubris. Victor, "the modern Prometheus," tried to do what he perhaps should have left to Nature: create life. Although the novel is most often discussed in literary-historical terms—as a seminal example of romanticism or as a groundbreaking early work of science fiction—Mary Shelley was keenly aware of contemporary scientific developments and incorporated them into her story. In our era of synthetic biology, artificial intelligence, robotics, and climate engineering, this edition of Frankenstein will resonate forcefully for readers with a background or interest in science and engineering, and anyone intrigued by the fundamental questions of creativity and responsibility. This edition of Frankenstein pairs the original 1818 version of the manuscript—meticulously line-edited and amended by Charles E. Robinson, one of the world's preeminent authorities on the text—with annotations and essays by leading scholars exploring the social and ethical aspects of scientific creativity raised by this remarkable story. The result is a unique and accessible edition of one of the most thought-provoking and influential novels ever written. Essays by Elizabeth Bear, Cory Doctorow, Heather E. Douglas, Josephine Johnston, Kate MacCord, Jane Maienschein, Anne K. Mellor, Alfred Nordmann

Frankenstein Alive, Alive: The Complete Collection - Steve Niles 2018-10-03

Inspired by Mary Shelley's immortal gothic horror tale, Frankenstein Alive, Alive brings new life to the Promethean monster, courtesy of Steve Niles (30 Days of Night) and Bernie Wrightson (Frankenstein, Swamp Thing). Victor Frankenstein's cobbled together creature continues his adventures, embarking on a journey to discover his own humanity. This collection includes the four-issue series along with an extended gallery section of never-before-seen layouts and pencils by Wrightson, all scanned from the original art. Additional art is supplied in the final chapter by Kelley Jones (at Wrightson's request), who stepped in to complete the series upon the comic book legend's untimely passing.

Army Research and Development - 1976

Gris Grimly's Frankenstein - Mary Shelley 2013-08-27

Retells, in graphic novel format, Mary Shelley's classic tale of a monster, assembled by a scientist from parts of dead bodies, who develops a mind of his own as he learns to loathe himself and hate his creator.

Frankenstein Makes A Sandwich - Adam Rex 2016-03-15

Being a monster isn't all frightening villagers and sucking blood. Monsters have their trials, too. Poor Frankenstein's cupboard is bare, Wolfman is in need of some household help, and it's best not to get started on Dracula's hygiene issues. What could be scarier? Nineteen hilarious poems delve into the secret lives of the Creature from the Black Lagoon, Bigfoot, Godzilla, and others. In a range of styles that pay homage to everyone from Charles Schulz to John James Audubon, the monstrously talented Adam Rex uncovers horrific--and clever--truths you won't want to miss.

Animal Farm - George Orwell 2021-02-02

All animals are equal but some animals are more equal than others. It's just an ordinary farm - until the animals revolt. They get rid of the irresponsible farmer. The other animals are sure that life is improving, but as systems are replaced and half-truths are retold, a new hierarchy emerges . . . Orwell's tale of propaganda, power and greed has never felt more pertinent. With an exciting new cover and inside illustrations by superstar Chris Mould.

Grammardog Guide to Richard III - Mary Jane McKinney 2006-04

Grammardog Teacher's Guide contains 16 quizzes for this Shakespearean tragedy. All sentences are from the play. Quizzes feature famous quotes ("Now is the winter of our discontent made glorious summer by this sun of York." "Conscience is but a word that cowards use devised at first to keep the strong in awe." "Was ever woman in this humour woo'd?" "An honest tale speeds best being plainly told." "Why grow the branches when the root is gone?" "I had a Harry, till a Richard killed him." "Who builds his hope in air of your good looks lives like a drunken sailor on a mast." "A horse! A horse! My kingdom for a horse!").

Reading Keys - Laraine E. Flemming 2013-03-05

READING KEYS - the first in a three-book reading series by Laraine Flemming - offers a comprehensive introduction to reading skills and strategies, from using context clues to identifying purpose and bias. Clear, accessible explanations present reading concepts without oversimplifying the process of reading comprehension. To ensure students' understanding, reading keys or summaries follow the explanations, breaking them down into manageable chunks. Throughout each chapter, a variety of steadily more difficult exercises assess students' understanding of the material and promote improved comprehension and critical-thinking skills. This incremental approach to instruction and assessment makes it easier for beginning readers to absorb and master new information. The Fourth Edition includes new chapters on analyzing arguments and sentence relationships. In addition, there is a greater emphasis on recognizing and understanding verbal clues to meaning, new discussions on how the brain learns and remembers new information, and several new engaging readings. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Moving Text - Garrick V. Allen 2018-06-30

Drawing upon the pioneering work of the British theologian David Brown who argues for a non-static, 'moving text' that reaches beyond the biblical canon, this volume brings together twelve interdisciplinary essays, as well as a response from Brown. With essays ranging from New Testament textual criticism to the fiction of David Foster Wallace, *The Moving Text* provides an introduction to Brown and the Bible that will be of interest to undergraduate and postgraduate students, as well as specialists in a wide range of fields. Contributions include: Ian Boxall (The Catholic University of America) "From the Magi to Pilate's Wife: David Brown, Tradition and the Reception of Matthew's Text," Robert MacSwain (The University of the South) "David Brown and Eleonore Stump on Biblical Interpretation," Aaron Rosen (Rocky Mountain College) "Revisions of Sacrifice: Abraham in Art and Interfaith Dialogue," Dennis F. Kinlaw III (Houston Baptist University) "The Forms of Faith in Contemporary American Fiction".

Volney's Ruins - Constantin-François Volney 1853

Frankenstein - Jason Cobley 2008

Presents an adaptation of Shelley's story of a scientist who creates life with unintended consequences

The Literary Galaxy of Star Trek - James F. Broderick 2006-04-18

How is the android Data like Shakespeare's character Hamlet? Is the vengeful Khan (original series episode "Space Seed" and the film *Star Trek II: The Wrath of Khan*) an echo of Captain Ahab in *Moby Dick*? The links between *Star Trek* and literature are vast: themes and characters that reflect those in classic literature; characters that quote literature in their dialog; and an enormous body of nonfiction books, novels, articles that have grown from the saga. Finally, like literature, *Star Trek* seeks to help in the human endeavor of understanding the world and its place in the universe. This book explores all of those connections. The Next Generation's Captain Picard frequently quotes Shakespeare. Captain Janeway from *Voyager* reenacts literature in holodeck novels. Jake Sisko, son of Deep Space Nine's Commander Benjamin Sisko, becomes an award-winning writer. Beginning with Captain James T. Kirk's first appearance in the original series, then continuing through four subsequent series and ten movies, this book draws parallels between *Star Trek* stories and literary classics such as *Hamlet*, *Paradise Lost*, *Ulysses*, *Dracula*, and the New Testament, and works by the likes of Booker T. Washington, Edgar Allan Poe and William Shakespeare. Appendices list the literary works discussed and the episodes and movies mentioned, each giving the chapters where references can be found.

The Semantic Web - ISWC 2019 - Chiara Ghidini 2019-10-17

The two-volume set of LNCS 11778 and 11779 constitutes the refereed proceedings of the 18th International Semantic Web Conference, ISWC 2019, held in Auckland, New Zealand, in October 2019. The ISWC conference is the premier international forum for the Semantic Web / Linked Data Community. The total of 74 full papers included in this volume was selected from 283 submissions. The conference is organized in three tracks: for the Research Track 42 full papers were selected from 194 submissions; the Resource Track contains 21 full papers, selected from 64 submissions; and the In-Use Track features 11 full papers which were selected from 25 submissions to this track.

Frankenstein - Mary Shelley 2019-07-09

A monster assembled by a scientist from parts of dead bodies develops a mind of his own as he learns to loathe himself and hate his creator. Shelley's suspenseful and intellectually rich gothic tale confronts some of the most important and enduring themes in all of literature-the power of human imagination, the potential hubris of science, the gulf between appearance and essence, the effects of human cruelty, the desire for revenge and the need for forgiveness, and much more.
