## **Norwegian Verbs And Essentials of Grammar** - Louis Janus 1999-02-01

This compact volume offers an integrated guide to both Norwegian verbs and the basics of grammar. All the major verbal and grammatical concepts of the language are presented.

## **Czech: An Essential Grammar** - James Naughton 2006-03-29

Czech: An Essential Grammar is a practical reference guide to the core structures and features of modern Czech. Presenting a fresh and accessible description of the language, this engaging grammar uses clear, jargon-free explanations and sets out the complexities of Czech in short, readable sections. Suitable for either independent study or for students in schools, colleges, universities and adult classes of all types, key features include: \* focus on the morphology and syntax of the language \* clear explanations of grammatical terms \* full use of authentic examples \* detailed contents list and index for easy access to information. With an emphasis on the Czech that native speakers use today, Czech: An Essential Grammar will help students to read, speak and write the language with greater confidence.

## **An Introduction to Japanese - Syntax, Grammar & Language** - Michiel Kamermans 2010-03

Starting at the very basics and working its way up to important language constructions, "An introduction to Japanese" offers beginning students, as well as those doing self-study, a comprehensive grammar for the Japanese language. Oriented towards the serious learner, there are no shortcuts in this book: no romanised Japanese for ease of reading beyond the introduction, no pretending that Japanese grammar maps perfectly to English grammar, and no simplified terminology. In return, this book explains Japanese the way one may find it taught at universities, covering everything from basic to intermediary Japanese, and even touching on some of the more advanced constructions.

## **Degree Gradation of Verbs** - Jens Fleischhauer-Helfer 2016-05-20

Gradation is usually considered to be a property of adjectives. Examples like 'The boy loves his mother very much' and 'The boy has grown a lot' reveal that gradation is not limited to adjectives but verbs are gradable too. Verb gradation has received considerably less attention in the literature than gradation of adjectives. The aim of the current volume is to explore the notion of verb gradation in more detail. The book presents

a semantic as well as a syntactic analysis of verb gradation and combines three case studies with a general perspective on the phenomenon. Issues addressed in the volume cover, among others, the notion of scalarity in the verbal domain, the interaction of verb gradation with grammatical as well as lexical aspect and verb gradation as a subcompositional phenomenon. These topics are investigated from a cross-linguistic perspective. The languages of investigation include, among others, German, Russian and French.

## **Latvian: An Essential Grammar** - Dace Praulinš 2012-03-12

Latvian: An Essential Grammar is a concise, user-friendly guide to the basic grammatical structures of Latvian. Presenting a fresh and accessible description of the language, this engaging grammar uses clear, jargon-free explanations to set out the complexities of Latvian in short, readable sections. Key features include: clear grammar explanations frequent use of authentic examples pronunciation guide, bibliography and subject index. This is the ideal reference source both for those studying Latvian independently and for students in schools, colleges, universities and adult classes of all types to back up their studies.

## **The Grammar of the English Tense System** - 2006-01-01

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

## **Hindi: An Essential Grammar** - Rama Kant Agnihotri 2013-05-13

This text provides a reader-friendly guide to the structural patterns of modern standard Hindi. Ideal for both independent learners and classroom students alike, this book covers the essentials of Hindi grammar in readable, jargon-free sections. ## **The Verb Phrase in English** - Bas Aarts 2013-02-14

This volume features new and groundbreaking research on recent changes in the English verb phrase.

## **750 French Verbs and Their Uses** - Jan R. Zamir 1992-08-17

Essential grammar taught simply and directly. 750 French Verbs and

Their Uses gives you the backbone of language study -- correct verb usage -- by showing verb conjugations in their contexts. To understand the value of such an approach, consider the English verb "to hold," the meaning of which can change dramatically when used in expressions such as "hold on," "hold up," "hold off," and "hold down"; in French, as students of the language have perennially learned to their frustration, the changes are far broader and apply to many more verbs. Now you won't have to guess how a verb is used in a sentence: 750 French Verbs and Their Uses gives you all the correct variations and grammatical interrelationships. Correct usages are illustrated in common phrases and idiomatic expressions. Unusual or troublesome expressions are emphasized throughout. And special attention is given to reflexive verbs (often difficult for English speakers) to make their usage clear. Perfect for students and travelers, ideal as a text, a grammar book and a reference, 750 French Verbs and Their Uses will help you not only to conjugate verbs, but also to use them correctly and comprehensibly. Series Editors: Jan R. Zamir, PhD, and Sonia Zamir, MA Also available in the series: 750 German Verbs and Their Uses and 750 Spanish Verbs and Their Uses.

**Learn Croatian - Quick / Easy / Efficient: 2000 Key Vocabularies: 2000 Key Vocabularies** - Pinhok Languages 2019-02-18

A curated Croatian word frequency list Are you looking for unconventional ways to speed up the process of learning Croatian? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Croatian words and phrases ordered by their frequency of use. Who this Croatian learning book is for: This book is for beginners and intermediate learners of Croatian who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Croatian frequency list is not for: This book is not for you if you are an advanced learner of Croatian. In this case, please go to our website or search for our Croatian vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Croatian learning book that guides you through the various steps of learning Croatian, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Croatian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 25 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 125 very well, you can start learning vocabularies 201 to 225 and on the next day skip 101-125 and continue reviewing vocabularies 126 to 225. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well - and that is what counts in the end.

Serbian - Lila Hammond 2005

An up-to-date and practical reference guide to the most important aspects of Serbian as used by contemporary native speakers of the language, this jargon-free text presents an accessible description of the language, focusing on the real patterns of use today.

Incorporating contextual examples in grammar practice activities, Macmillan English Grammar In Context is a grammar book that can be used in both the classroom and for self-study. Key Features: Grammar explanations with traditional practice activities and contextual examples Cross-curricular content areas include: literature science, geography, history and social sc

**Origins of the Greek Verb** - Andreas Willi 2018-01-18

Situated at the crossroads of comparative philology, classics and general historical linguistics, this study is the first ever attempt to outline in full the developments which led from the remotest recoverable stages of the Indo-European proto-language to the complex verbal system encountered in Homer and other early Greek texts. By combining the methods of comparative and internal reconstruction with a careful examination of large collections of primary data and insights gained from the study of language change and linguistic typology, Andreas Willi uncovers the deeper reasons behind many surface irregularities and offers a new understanding of how categories such as aspect, tense and voice interact. Drawing upon evidence from all major branches of Indo-European, and providing exhaustive critical coverage of scholarly debate on the most controversial issues, this book will be an essential reference tool for anyone seeking orientation in this burgeoning but increasingly fragmented area of linguistic research.

**Complete Hungarian** - Zsuzsanna Pontifex 2020-04-07

**A Student Grammar of Spanish** - Ron Batchelor 2006-01-19

A Student Grammar of Spanish, first published in 2006, is a concise introduction to Spanish grammar, designed for English-speaking undergraduates. Assuming no prior knowledge of grammatical terminology, it explains each aspect of Spanish grammar in clear and simple terms, provides a wealth of glossed examples to illustrate them, and helps students to put their learning into practice through a range of fun and engaging exercises. Clearly organized into thirty units, each covering a different aspect of the grammar, the book functions both as an essential reference guide and a comprehensive workbook. Individual topics can be looked up via a user-friendly cross-referencing system, and concise definitions are provided in a useful glossary of grammatical terms. The exercises, which include paired and group activities, are

suitable for both classroom use and self-study. Each unit is split into two levels, basic and intermediate, making this grammar the perfect accompaniment to any first or second year undergraduate course.

**The Handbook of Good English** - Edward Johnson 1991-03

From Simon & Schuster, The Handbook of Good English is Edward D. Johnson's comprehensive, easy-to-use guide to modern grammar, punctuation, usage, and style. Now substantially revised and updated, this essential guide is arranged in an easy-to-follow, topical style that takes readers from the rules governing basic sentence structure to methods of achieving effective expression.

**Hungarian-English, English-Hungarian** - Géza Takács 1996

A Hungarian-English dictionary with useful vocabulary and expressions and common-sense pronunciation

**Essentials of Swedish Grammar** - Ake Viberg 1990-07-18

This compact volume offers an integrated guide to the major grammatical concepts needed for writing and speaking Swedish.

**Gyakorló magyar nyelvtan** - Szilvia Szita 2009

**Big Grammar Book** - Matt Purland 2014-09-18

From the introduction: Big Grammar Book is jam-packed from cover to cover with a great selection of photocopiable worksheets taken from the popular EnglishBanana.com website. We wanted to provide teachers with a really useful book of no-nonsense grammar worksheets that they can dip into and use in class with students at Entry Level (ESOL Core Curriculum Entry Levels 1 & 2). It is also ideal for students to work with at home since the answers are all printed at the back.

**Hungarian Verbs** - Viktoria Szabo 2016-01-03

This is a guidebook written for beginning to advanced Hungarian language learners. It is an extensive resource that includes 300 Hungarian verbs, all most commonly used tenses are labeled. Each verb also includes a usage example along with a translation. If you're looking for the most comprehensive resource for learning and mastering Hungarian verbs, you are looking at it. The verbs are arranged in tabular format in alphabetical order, which will make navigating through the program easier. An English-Hungarian and Hungarian-English index is also included to make access a breeze. With this guide you can take your Hungarian verb skills to the next level.

**Hungarian Verbs & Essentials of Grammar 2E.** - Miklos Torkenczy 2008-04-17

The all-in-one resource to sharpen your Hungarian verb and grammar skills In addition to providing essential concepts regarding verbs and grammar, this new edition of the Hungarian Verbs & Essentials of Grammar includes a brand-new feature: an index of the 300 most popular verbs, which can be cross-referenced with the numerous verb tables appearing throughout the book. This all-in-one language tutorial contains lots of examples employing contemporary language to give you a taste of real-life situations. Each unit focuses on a single verbal or grammatical concept, providing concise yet comprehensive explanations.

**The Grammar of Words: An Introduction to Linguistic Morphology** - Geert Booij 2007-07-05

Geert Booij's popular textbook examines how words are formed, compounded, and inflected in different languages. It shows how, when, and why to use methods of morphological analysis and explains how morphology relates to syntax, phonology, and semantics. The author considers the universal characteristics of morphology and how these are reflected in the workings of mind. The revised edition has been revised and updated throughout; it has a full glossary and a new chapter on the field's most notorious problem: the status of the word. 'The Grammar of Words by Geert Booij covers a broad range of topics from structural questions to psycholinguistic issues and problems of language change. This introduction to morphology is thorough and accessible and, like other works by this renowned author, especially strong at showing the significance of empirical facts for theoretical reasoning.' Ingo Plag, University of Siegen 'A book that is fully comprehensive in its coverage as well as exemplary in its clarity, written by one of the major scholars of contemporary lexical theory.' Sergio Scalise, University of Bologna

**Hungarian: An Essential Grammar** - Carol H. Rounds 2013-05-13

This user-friendly guide to modern Hungarian clearly introduces the most important structures of this fascinating language. Suitable for beginning, intermediate and advanced students, it can be used by those studying independently or following a taught course. Topics include: \* verbal prefixes \* aspect and tense \* word-formation mechanisms \* linking vowels \* the case system and its uses \* word order. Appendices include the formation of irregular verbs, complete noun declensions and irregular noun patterns.

*A Reference Grammar of Russian* - Alan Timberlake 2004-01-22

This book describes and systematizes all aspects of the grammar of Russian: the patterns of orthography, sounds, inflection, syntax, tense-aspect-mood, word order, and intonation. It is especially concerned with the meaning of combinations of words (constructions). The core concept is that of the predicate history: a record of the states of entities through time and across possibilities. Using predicate histories, the book presents an integrated account of the semantics of verbs, nouns, case, and aspect. More attention is paid to syntax than in any other grammars of Russian written in English or in other languages of Western Europe. Alan Timberlake refers to the literature on variation and trends in development, and makes use of contemporary data from the internet. This book will appeal to students, scholars and language professionals interested in Russian.

**Colloquial Hungarian** - Carol Rounds 2003-09-02

Colloquial Hungarian is the ideal introduction to the Hungarian Language. Specially written by experienced teachers, the course offers a step-by-step approach to written and spoken Hungarian and covers a variety of modern everyday situations.

[English: An Essential Grammar](#) - Gerald Nelson 2002-04-12

Ideal for native speakers and learners alike, this clear guide to the grammar of modern English will help students speak and write English with greater confidence.

**A Reference Grammar of Modern Standard Arabic** - Karin C. Ryding 2005-08-25

A Reference Grammar of Modern Standard Arabic is a comprehensive handbook on the structure of Arabic. Keeping technical terminology to a minimum, it provides a detailed yet accessible overview of Modern Standard Arabic in which the essential aspects of its phonology, morphology and syntax can be readily looked up and understood. Accompanied by extensive carefully-chosen examples, it will prove invaluable as a practical guide for supporting students' textbooks, classroom work or self-study, and will also be a useful resource for scholars and professionals wishing to develop an understanding of the key features of the language. Grammar notes are numbered for ease of reference, and a section is included on how to use an Arabic dictionary, as well as helpful glossaries of Arabic and English linguistic terms and a useful bibliography. Clearly structured and systematically organised, this book is set to become the standard guide to the grammar of contemporary Arabic.
