*The Power of Intention* - Harun German 2017-10-08

The reason for writing about "The Power of Intention in Islam - The Niyya" is my critical reflection on the social spirit: "Why does our German society primarily emphasize the material end result of a work?" Despite material progress and our focus on material perfectionism, we are generally unhappy as industrially-developed people. Why is this? I try to find an answer and a solution for this.

**The Law of Agreement** - Tony Burroughs 2012-04-01

No matter who you are or what you believe, you have the power to manifest what you want in life—a dream job, wealth, love, and health. In this concise and fascinating book, Tony Burroughs shows readers how to work with the Law of Agreement to change old beliefs about money, relationships, and health issues that are holding them back. He shares stories from his years of working with people from all over the world who are practicing living intentionally bringing into their lives that which serves the higher good and discarding the rest. The Law of Agreement says that as we lend our agreement to any belief, we reinforce it and make it stronger. Alternatively, as we refrain from lending our agreement to an idea that isn't likely to give us the results we're looking for, we dilute it and weaken its power over us and over everyone else simultaneously. Burroughs offers examples and stories that show how the Law of Agreement and its partner, the Law of Adversity, work simultaneously. What happens when we don't get what we want? What is the opportunity in adversity? The Law of Agreement shows how adversity can lift us up and out of our routines and help us to reach deep inside ourselves for answers to life's hardest questions. Full of real-life stories, examples, and solutions, The Law of Agreement is a practical and world changing book.

**I Can See Clearly Now** - Dr. Wayne W. Dyer 2015-02-24

For many years, Dr. Wayne W. Dyer's fans have wondered when he would write a memoir. Well, after four decades as a teacher of self-empowerment and the best-selling author of more than 40 books, Wayne has finally done just that! However, he has written it in a way that only he can—with a remarkable take-home message for his longtime followers and new readers alike—and the result is an exciting new twist on the old format. Rather than a plain old memoir, Wayne has gathered together quantum-moment recollections. In this revealing and engaging book, Wayne shares dozens of events from his life, from the time he was a little boy in Detroit up to present day. In unflinching detail, he relates his vivid impressions of encountering many forks in the road, taking readers with him into these formative experiences. Yet then he views the events from his current perspective, noting what lessons he ultimately learned, as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service. As a reader, you will feel as if you are right there with Wayne, perusing his personal photo album and hearing about his family, his time in the service, how he writes his best-selling books, and so much more. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is "moving the checkers," life has a purpose, and each step of our journey has something to teach us. As he says, "I wasn't aware of all of the future implications that these early experiences were to offer me. Now, from a position of being able to see much more clearly, I know that every single encounter, every challenge, and every situation are all spectacular threads in the tapestry that represents and defines my life, and I am deeply grateful for all of it." *I Can See Clearly Now* is an intimate look at an amazing teacher, but it also holds the key for seekers on a personal path of enlightenment. Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses, helping us accomplish the mission we came here to fulfill.

**The Power of Intention** - Dr. Wayne W. Dyer 2004-07-01

'Change the way you look at things and the things you look at will change.' Wayne Dyer For years Wayne Dyer has been researching the power of intention, the energy that surrounds all of us. He tells us how we can train ourselves to tune into this energy and step beyond our minds and egos. When we do this we become what Dyer calls 'Connectors' and make ourselves available to the energy of success. Connectors are the people whom everyone sees as lucky, the people who get all the breaks. They don't say, 'With my luck, everything will go wrong,' they just know things will go well. They trust an invisible force that will be all-providing and just don't attract negativity to themselves. This book is full of dynamic steps that we can use to tap into this transformational energy. This book explores intention - not as something you do - but as an energy you're part of. We're all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy you can access to begin co-creating your life!

The Gene Keys - Richard Rudd 2013-05-09

The book begins by introducing the reader to a fantastic possibility - that humanity may be on the verge of a major shift in consciousness rooted in a new understanding of how our DNA operates - namely that it is programmed directly by the way we think and feel. This is a highly ambitious and sophisticated system for shaping one's destiny. Based around 64 archetypes, it resembles the I Ching in its vast scope and profound importance, and in the resonant character of its symbolism. The author shows how there are two ways to approach the Gene Keys - the analogue (holistic) way and the digital (detailed) way. It is the combining of both analogue and digital that results in contemplation - the primary pathway into the Gene Keys. Since our beliefs shape our genes, when we change our beliefs, we change the chemistry of our body. The Gene Keys are an inner language whose central purpose is to transform our core beliefs about ourselves, thus raising our lives onto a new level of awareness. The book works alongside state-of-the-art online profiling software. This software will provide instantaneous free profiles known as 'Hologenetic Profiles', which uses astrological data (time, date and place of birth) to generate a unique sequence of Gene Keys that relate to many aspects of your life, including the underlying genetic patterns governing your relationships, your finances, your health and your life purpose. As the reader contemplates the 64 Gene Keys over time and applies their insights in his or her own life, so one's belief system will begin to change and our DNA will actually start to transform the way we think and feel.

**Getting in the Gap** - Dr. Wayne W. Dyer 2021-08-10

Why Meditate? The practice of meditation takes us on a fabulous journey into the gap between our thoughts, where all the advantages of a more peaceful, stress-free, healthy, and fatigue-free life are available—but they're merely side benefits. The paramount reason for daily meditation is to get into the gap between our thoughts and make conscious contact with the creative energy of life itself. In this uplifting book, Dr. Wayne W. Dyer explains the soul-nourishing meditation technique for making conscious contact with God, which the ancient masters have told us about. You have all the potential to be an instrument of the highest good for all concerned and to be a literal miracle worker in your own life. No person, government entity, or religious group can legitimately claim to do this for you. "In fact," says Dr. Dyer, "I agree with Carl Jung, who said that one of the main functions of formalized religion is to protect people against a direct experience of God." (Dr. Dyer helps you have this direct experience by leading you through the meditation technique in the accompanying audio download.) When you master getting into the gap, stay there for prolonged segments of meditation, and experience what you bring back into the world, you'll truly know the answer to the question: "Why meditate?"

**Summary of Wayne W. Dyer's The Power of Intention** - Everest Media, 2022-08-29T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Power of

Intention was intended into the material world by applying all of the principles written about in this book. I managed to make my own vibrational energy match up to the all-creating Source, and allowed these words and ideas to flow through me directly to you. #2 I've been studying intention for years, and I've found that it is a strong purpose or aim accompanied by a determination to produce a desired result. People driven by intention are described as having a strong will that won't allow anything to interfere with their achieving their inner desire. #3 The Power of Intention is the power to access the seemingly dormant forces within us and use them to achieve our goals. It is a field of energy that flows invisibly beyond the reach of our normal, everyday habits. #4 The field is the source of our intelligence, creativity, and imagination. It is an invisible domain or higher reality that can be tapped into and used by everyone. It is present in everything in the universe, and it doesn't err.

*Inspiration* - Wayne W. Dyer 2009-08-31

What I'm offering in this book is the awareness that we can return to a full-time position of inspiration, which is the true meaning of our life." Dr. Wayne W. Dyer.....INSPIRATION In this groundbreaking book, Dr. Wayne W. Dyer explains how we've chosen to enter this world of particles and form. From our place of origin, in ways that we don't readily comprehend now, we knew what we were coming here to accomplish, and we participated in setting this life process in motion. So why not think along these same lines? Why put the responsibility or blame on any one or any thing that's not a part of us? On Earth we have the capacity of volition we can choose so let's assume that we had the same capacity when we resided in the spiritual realm. We chose our physical body, and we chose the parents we needed for the trip. It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source. Inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desires. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences it's inherent in our Divine birthright. The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished. As you read each chapter in this book, you'll find specific suggestions for living "in-Spirit." From a very personal viewpoint, Wayne offers a blueprint through the world of inspiration your ultimate calling.

*The Power of Intention* - Wayne W. Dyer 2009-09

"Intention is a force in the universe, and everything and everyone is connected to this invisible force."

Intention is generally viewed as a pit-bull kind of determination, propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention-not as something you do-but as an energy you're a part of. We're all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy you can access to begin co-creating your life! Part I deals with the principles of intention, offering true stories and examples showing how to make the connection. Dr. Dyer identifies the attributes of the all-creating universal mind of intention as creative, kind, loving, beautiful, expanding, endlessly abundant, and receptive, explaining the importance of emulating this source of creativity. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Dr. Dyer's vision of an individual connected at all times to the universal mind of intention.

**The Invisible Gorilla** - Christopher Chabris 2010-05-18

Reading this book will make you less sure of yourself—and that's a good thing. In *The Invisible Gorilla*, Christopher Chabris and Daniel Simons, creators of one of psychology's most famous experiments, use remarkable stories and counterintuitive scientific findings to demonstrate an important truth: Our minds don't work the way we think they do. We think we see ourselves and the world as they really are, but we're actually missing a whole lot. Chabris and Simons combine the work of other researchers with their own findings on attention, perception, memory, and reasoning to reveal how faulty intuitions often get us into trouble. In the process, they explain: • Why a company would spend billions to launch a product that its own analysts know will fail • How a police officer could run right past a brutal assault without seeing it • Why award-winning movies are full of editing mistakes • What criminals have in common with chess masters • Why measles and other childhood diseases are making a comeback • Why money managers could learn a lot from weather forecasters Again and again, we think we experience and understand the world as

it is, but our thoughts are beset by everyday illusions. We write traffic laws and build criminal cases on the assumption that people will notice when something unusual happens right in front of them. We're sure we know where we were on 9/11, falsely believing that vivid memories are seared into our minds with perfect fidelity. And as a society, we spend billions on devices to train our brains because we're continually tempted by the lure of quick fixes and effortless self-improvement. *The Invisible Gorilla* reveals the myriad ways that our intuitions can deceive us, but it's much more than a catalog of human failings. Chabris and Simons explain why we succumb to these everyday illusions and what we can do to inoculate ourselves against their effects. Ultimately, the book provides a kind of x-ray vision into our own minds, making it possible to pierce the veil of illusions that clouds our thoughts and to think clearly for perhaps the first time.
