Lonely Planet Central America - Lonely Planet 2019-07-01

Lonely Planet Central America is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Get to the heart of Central America and begin your journey now!

Dominica (Other Places Travel Guide) - Anna McCanse 2011

It's hard to find a nation that dances to a friendlier, more laid-back tempo than Dominica. The island rises majestically out of a turquoise-blue sea and provides a visually stunning backdrop to an easy-going way of life. You won't find your typical Caribbean beach vacation here, but what you will find is a country that begs you to discover and engage with its people, land and rich culture. With its soaring green mountains, colorful reefs, hidden beaches, natural hot springs, towering waterfalls, and pristine rivers, Dominica's rugged good looks will make you weak in the knees. With candid reviews of restaurants and hotels plus itineraries and advice for the lone adventurer or the whole family, this guide won't leave you wondering what to do next. Take advantage of the practical tips for traveling on a budget and off the beaten tourist path with all of the maps you'll need for hiking, driving, or exploring on foot or by bus. Included in this book is a first-of-its-kind comprehensive hiking guide featuring the newly developed Waitukubuli National Trail. With first-hand knowledge, cultural insights, and personal recommendations, this book is your key to the real Dominica.

Diving & Snorkeling Dominica - Michael Lawrence 1999

Dominica is one of the last vestiges of the old Caribbean. Diving & Snorkeling Dominica includes dive sites on the island's lesser-explored northwestern coast, and describes treks to waterfalls, hot springs, and a boiling lake in the interior. There is also practical information on dive services, dining, and accommodations. Maps show all the dive sites described, as well as popular island hikes. This is an essential guide for anyone looking for a diving and snorkeling vacation in one of the Caribbean's most fascinating spots.

Bradt Travel Guide - Borneo - Tamara Thiessen 2008

Borneo's biodiversity is among the richest in the world. The first guide to focus on Malaysian Borneo and Brunei, this book gives full details on where and how to see the island's colourful flora and fauna. Tropical rainforest and rivers cover over 70% of Malaysian Borneo, and this lush habitat is home to hundreds of unique species, from the jelly green snake and bearded pig to the proboscis monkey. Trek through one of the region's national parks or catch a glimpse of an orang-utan. Traditional rural lifestyles, tribal influences and ethnic variety also offer the visitor a rewarding cultural experience; take part in island festivities, spend the night in a longhouse or shop in the bustling markets. Borneo can provide for adventure travellers, divers and even sunbathers. Over 27,000 UK visitors travelled to Borneo in 2007, up 10% on the previous year.

Sierra Leone - Katrina Manson 2009-05-15

Travel Guide.

In the Forests of Freedom - Lennox Honychurch 2019-08-01

In this detailed, brilliantly researched book, historian Lennox Honychurch tells the enthralling and previously untold story of how the Maroons of Dominica challenged the colonial powers in a heroic struggle to create a free and self-sufficient society. The Maroons, runaways who escaped slavery, formed their own community on the Caribbean island. Much has been written about the Maroons of Jamaica, little about the Maroons of Dominica. This book redresses this gap. Honychurch takes the reader deep into the forested hinterland of Dominica to explore the political, social, and economic impact of the Maroons and details their struggles and victories.

Forgotten Saskatchewan - Chris Attrell 2019-08-12

From one of Saskatchewan's great photographers comes *Forgotten Saskatchewan*. These stunning images offer a window into our past, showing life as it was then, and stirring in us the emotions of wonder and

curiosity about those who have gone before us and the lives they lived.

Forgotten Saskatchewan is a photographic journey. Come along for the ride. You'll be glad you did.

Barbados - Lizzie Williams 2021-11-07

Barbados Travel Guide - Advice and expert travel tips, from Bridgetown highlights to beaches, resorts and hotels, culture, wildlife, hiking and local food and drink. Also covering Crop Over Festival, Garrison Historic Area, St Lawrence Gap, St Nicholas Abbey, Bathsheba, Bottom Bay and Flower Forest Botanical Gardens.

Grenada - Paul Crask 2017-11-05

Written by Caribbean-based writer and photographer Paul Crask, this new, thoroughly updated third edition of Bradt's Grenada, Carriacou and Petite Martinique is the only standalone guide available to this alluring Caribbean destination. With insider knowledge of the islands, from luxurious villas and resorts to pastoral villages and mountain trails, Bradt's Grenada, Carriacou and Petite Martinique is rich in detail, local colour and practical information, and offers detailed accommodation, dining and activities listings as well as the author's own take on how to maximise your stay. Whether you are into sailing, scuba diving wrecks and reefs, kayaking through mangrove forests, hiking mountain trails, 'jumping-up' at carnival, or sampling vintage rums at historic distilleries and luxurious beachside resorts, Bradt's Grenada, Carriacou and Petite Martinique is ideal for travellers of all kinds. This new edition covers the many developments on the islands in the past few years. Investment in accommodation on Grenada continues and the diversity of options is impressive: from the new Sandals resort to the Rumboat Retreat, a lodge that welcomes independent travellers as well as rum enthusiasts. More airlines now fly directly to Grenada's Maurice Bishop International Airport and the annual sailing regattas continue to attract a large international gathering. With easy access to and from North America and Europe, and with plenty of great accommodation and dining options, scenic Grenada offers a perfect blend of traditional island life with modern Caribbean living. Grenada is a tri-island nation famed for its nutmeg and cocoa, sailing regattas, jaw-dropping beaches and strong cultural traditions. The main island, Grenada, has a tall spine of forested mountain ridges surrounded by rivers, waterfalls and farmlands, and the scenic coastline is replete with secluded bays and anchorages. To the north, at the southern tip of the Grenadines island chain, Carriacou and Petite Martinique are tranquil and beautiful. Noted for traditions of Big Drum Dance and boat building, both islands enjoy deserted beaches and coral reefs and offer a warm and friendly welcome.

Black and White Sands - Elma Napier 2009

Scottish aristocrat Elma Napier turned her back on London high society in 1932, to move to Dominica, where she became the first woman to sit in a West Indian parliament. This is her memoir of life there.

British Moths - James Lowen 2021-09-02

Moths are sometimes overlooked compared to the day-flying butterflies, however, many moths are even more colourful, accessible and fascinating. Britain and Ireland are home to an incredible array of moths, with more than 2,500 species known, and increasing numbers of people have discovered the joy in watching, catching and photographing this diverse group. But, where should you start in being able to identify them? *British Moths: A Gateway Guide* is a wonderful introduction to 350 species of the most common and eye-catching adult moths that you may encounter in the UK. Rather than being grouped in taxonomic order, species are organised by season, and similar-looking moths are placed alongside one another for ease of identification. Concise species accounts include information on key features, making it easy to distinguish between confusion species, seasonality, and when and where to see them; each account is also placed alongside photos that have been carefully chosen to aid identification with clearly-marked top tips. From hawk-moths to tigers and ermines to emeralds, this guide is the perfect

companion for anyone wanting to learn more about these beautiful and remarkable insects.

The Travel Writer's Way - Jonathan Lorie 2019

Whether you want to be the next Bill Bryson, set up a brilliant blog or simply make the best of your travel journal, this book will lead you along the travel writer's way. The Travel Writer's Way takes a ground-breaking approach to the craft of travel writing, with a 12-step programme of 'creative journeys' specially tailored to develop your writing skills.

Whether you want to write for pleasure or for publication, for friends or for the wider world, you'll find this book as inspiring as it is useful. It also contains invaluable advice from a galaxy of the finest travel writers, editors and bloggers, the first guide to gather insights from so many acclaimed experts. Furthermore, there is practical information on establishing your blog, writing your book and submitting your articles to travel editors. Jonathan Lorie has more than 20 years' experience as travel writer, travel-magazine editor and travel-writing tutor. His is the ultimate guide for those who want to turn their travels into stories. - Advice from 40 of the world's top travel-writing experts - Practical, 12-step programme to improve your writing - How to publish and market your work as blogs, books or articles

Dominica - Lennox Honychurch 1989

Nature Island of the Caribbean, This richly illustrated book captures the little-known beauty of this Caribbean country and offers a brief account of its sometimes turbulent history, and rich culture. There are also practical details, for the prospective visitor.

Wildlife of Madagascar - Ken Behrens 2016-10-25

The most comprehensive single-volume field guide to Madagascar's wildlife The Indian Ocean island of Madagascar is one of the world's great natural treasures and ecotourism destinations. Despite being an island, it is home to nearly an entire continent's variety of species, from the famous lemurs to a profusion of bizarre and beautiful birds, reptiles and amphibians. Wildlife of Madagascar is a compact and beautifully illustrated photographic guide, and an essential companion for any visitor or resident. With an eye-catching design, authoritative and accessible text and easy-to-use format, it provides information on identification, distribution, habitat, behaviour, biology and conservation for all the mammals, birds, reptiles, amphibians and butterflies likely to be seen. The most comprehensive single-volume field guide to Madagascar's wildlife Attractive layout features more than 900 stunning colour photographs Covers the mammals, birds, reptiles, amphibians and butterflies, and some of the other invertebrates and plants, most likely to be seen Provides key information about identification, distribution, habitat, behaviour and conservation Introductory sections provide background information on Madagascar and its unique environments

The Leopard's Tale - Jonathan Scott 2013

Almost everyone on safari hopes for a glimpse of the charismatic and elusive leopard. Chui was the first of a new generation of leopards Jonathan Scott watched and photographed in Kenya's Masai Mara Game Reserve in the 1970s and 1980s. He spent every available moment watching and photographing Chui and her cubs, Light and Dark, aware that he was only privileged to do so for as long as they chose to remain visible. His classic account tells the story of the mother leopard as a solitary hunter providing for herself and her offspring. He records encounters with baboon, hyaena and man, hazards facing the cubs as they learn to fend for themselves and periods of play and relaxation. Some years after Chui disappeared, a young female appeared, Half-Tail. Jonathan and Angela have followed her and her daughter Zawadi, stars of the BBC's Big Cat Diary, for the past twenty years, bringing the story up to date. Nobody has studied leopards more closely or known them more intimately Jonathan says: 'The update is based on our work with Half-Tail and Zawadi from both the pictures and text perspective - Angie worked with us on Big Cat Diary as the stills photographer from 1996 and before that we both worked with Half-Tail from the time she first appeared around Leopard Gorge and Fig Tree Ridge - our kids grew up on safari with Half-Tail and Zawadi as stars of their own Mara adventures.'

Backpacking in North America - Hilary Bradt 1979

Svalbard - Roger Norum 2018-05-03

The Bradt guide to Svalbard (Spitsbergen), including Franz Josef Land and Jan Mayen, is a unique, standalone guidebook to this evocative Arctic archipelago, a place that is plunged into darkness for four months each year and where there are 4,000 snow scooters for a population of

just 2,500. This new sixth edition has been thoroughly updated throughout and offers new material on everything from adventure tours to accommodation, environmental change to restaurants. Also covered are the restoration of Barentsburg and the opening of Svalbard's historic mines to visitors. Newly updated and amended, this edition reflects important recent changes in the archipelago, making it the perfect guide to a quintessential bucket-list destination. Possibly the most remote destination in the developed world, Svalbard is as off the beaten track as you can get in Europe today. A destination where there are more polar bears than people, Svalbard is the planet's most northerly settled land and the top (if not the end) of the world. It was on and around Svalbard that most of David Attenborough's 'Frozen Planet' was filmed. A trip to Svalbard easily lends itself to notching up geographic superlatives (most northerly kebab, most northerly souvenir shop, etc) and adventurous travellers seek out experiences such as husky driving and hikes across the permafrost, charmed by the island law that requires everyone to carry a rifle anywhere outside of Longyearbyen, a constant reminder of Svalbard's 3,000-strong polar bear population. The main tourist period falls in Svalbard's brief summer, from June to August, when it's light around the clock and not very cold. However, increasingly popular for winter sports - especially because the next few years will enjoy unusually high Northern Lights activity - are the so-called 'light winter' months (March-May), when there is both sunlight and snow. The winter season itself (November/December-March) offers many possibilities for outdoor adventure - and the polar night is an experience in itself. Despite winter temperatures that can drop to over 40 below zero, Svalbard's glorious mountains, majestic fjords and sprawling valleys are the perfect setting for adventurous journeys out to the back of beyond, giving visitors a unique vantage point on a unique tourist destination. This brand-new edition of Svalbard provides all of the practical and background information you'll need to explore this wild place, turning the hostile into the hospitable. Bradt's Svalbard is written by Roger Norum, an expert in the region who writes regularly on northern Norway for the press and who teaches Norwegian language and translation at University College London. He is also a Research Fellow at the University of Leeds, where he carries out research on the links between tourism, travel writing and environmental change in the European Arctic.

Fodor's In Focus Barbados & St. Lucia - Fodor's Travel Guides 2014-12-23

Written by locals, Fodor's travel guides have been offering expert advice for all tastes and budgets for 80 years. Known for its sophisticated resorts, British style, and warm inviting hospitality, Barbados is an island of broad vistas, sweeping seascapes, and acres of sugar cane. Mountainous St. Lucia is covered by rainforest that makes it one of the greenest islands in the Caribbean, and it also has vibrant coral reefs that draw scuba divers from all over the world. The two islands offer both all-inclusive and regular resorts and are linked by frequent air service, making the short hop in about 20 minutes. This travel guide includes: · Dozens of full-color maps · An 8-page color insert with a brief introduction and spectacular photos that capture the top experiences and attractions throughout Barbados & St. Lucia · Hundreds of hotel and restaurant recommendations, with Fodor's Choice designating our top picks · Multiple itineraries to explore the top attractions and what's off the beaten path · Major sights such as Diamond Falls, Marigot Bay, and The Pitons Planning to visit more of The Caribbean? Check out Fodor's region-wide travel guide to The Caribbean.

Grenada, Carriacou and Petite Martinique - Paul Crask 2009

TRAVEL & HOLIDAY GUIDES. The volcanic island of Grenada and the smaller Grenadines, Carriacou and Petite Martinique, sit at the southern tip of the Windward Islands chain in the eastern Caribbean. In 2004, they were decimated by Hurricane Ivan. The nutmeg trees on which the economy was once reliant were destroyed, and buildings and infrastructure collapsed. But now the islands have been rebuilt, renovated and improved. They are once more open for business, and enjoying a newfound prosperity as visitor numbers increase year on year. This guide takes hikers on treks through the rainforest, and divers to The Bianca C, the largest shipwreck in the Caribbean. It shows cultural visitors the nation's diverse heritage and rich musical traditions and leads those in need of a little lie-down to unspoilt beaches and secluded coves.

Grenada - Paul Crask 2012-07-20

Known as the Spice Island, Grenada offers visitors mountains, rainforest, waterfalls, white beaches, Big Drum dancing, rum distilleries and some of the most famous sailing regattas in the world. Updated throughout, this is still the only dedicated guide to Grenada, Carriacou and Petite

Martinique. Grenada's national parks are teaming with wildlife; Carriacou is home to some of the best coral reefs and wrecks in the Caribbean; and the tiny island of Petite Martinique is perfect for travellers looking for an idyllic getaway. Paul Crask showcases the islands' music festivals and cultural heritage, pinpoints ways to support local producers and craftsmen, and goes off the beaten track to reveal some of the country's little-known sights. An essential trip-planning tool, this guide will appeal to sun-seekers and sailors, as well as hikers, scuba divers and culture vultures.

Dominica - 1967

The Dominica Story - Lennox Honychurch 1995

This text traces the origin and development of this island from its volcanic formation to 1994. The author interweaves the island's history with geography, ecology, folklore and social custom to inform the reader about both Dominica and Caribbean history as a whole.

The Gambia - Philip Briggs 2017-11-21

With 16 well-researched chapters and 26 useful maps, this new thoroughly updated second edition of Bradt's The Gambia remains the most comprehensive guide available in any language to what is the smallest country on mainland Africa. Significant development has taken place in recent years and this new edition offers all the latest updates, including new restaurants and hotels, detailed coverage of the many new eco lodges and camps that have sprung up, information on festivals, music workshops and opportunities to experience the unique local culture, and informed advice about birdwatching possibilities in a country very popular with first-time birders to Africa. As well as encompassing the popular coastal resorts, the guide also provides all the detailed information required to explore the relatively undeveloped interior, making it ideal for both visitors on organised packaged holidays and independent travellers alike. Bradt's The Gambia reveals all the background and practical information needed to explore arguably Africa's most welcoming and safest country with its plethora of beach resorts - catering to all tastes and budgets - that line the 80km stretch of tropical coastline running from the capital Banjul to the remote southern border. Small in size but rich in African character, The Gambia offers perhaps the closest English-speaking 'winter sun' destination from Europe. Justifiably popular with birdwatchers, the lush mangrove- and jungle-fringed river is also home to crocodiles, hippos, chimpanzees and a variety of monkeys. Historic attractions include the mysterious megalithic stone circles at Wassu and Ker Batch, and the fortified James Island and former slave-trading village of Juffureh (to where Alex Haley traced his ancestry in the book and TV programme Roots) - all of which form part of the country's two UNESCO World Heritage Sites and offer rich pickings to moderately adventurous travellers. All in all, Bradt's The Gambia is the perfect companion for discovering this safe, welcoming and decidedly tourist-friendly English-speaking country which makes for an ideal short-stay introduction to the unique atmosphere of Africa.

The Marsh Lions - Brian Jackman 2012

"For five years Brian Jackman and Jonathan Scott followed the Marsh pride ... recording the daily drama of life and death in Kenya's finest big-game country. In time they came to regard many of the lions as old and familiar companions: the irascible Notch and her half-sister Shadow, the misfit Mkubwa and the majestic Scar. These lions are real individuals whose lives - intimately observed and ... illustrated - offer a unique insight into the ... world of the African plain. ..."--Back cover.

From Famine to Fast Food: Nutrition, Diet, and Concepts of Health around the World - Ken Albala 2014-05-12

The foods eaten by a nation's population play a key role in shaping the health of that society. This book presents country-specific information on how diet, food security, and concepts of health critically impact the well-being of the world's population. • Provides concise, accessible information in a ready-reference format that covers most major countries as well as a variety of non-country populations • Includes an introductory essay that creates a conceptual framework for students • Presents dozens of recipes that provide various real-world examples of the types of traditional foods eaten in other regions of the world • Supplies further readings at the end of each entry that guide readers to additional sources of information

Caribbean Ports of Call - Kay Showker 1993

A one-of-a-kind guide packed with detailed information on things to see and do in 29 ports of call from Santo Domingo to Cozumel. Expanded sections on the British Virgin Islands, St. Barts and Puerto Rico. Addresses, phone numbers, schedules, pricings, and departure ports of individual cruises. 23 maps. 33 photos.

Guyana - Kirk Smock 2008

South America's often overlooked English-speaking country lies far off the well-trodden tourist path. Guyana is the ideal destination for the discerning visitor seeking adventure. Within its vast interior, the Guiana Shield (one of the four pristine tropical rainforests left in the world) converges with the Amazon Basin, creating a unique geography composed of coastal waters, mangroves, marshes, savannas, mountains and tropical rainforests. Bordered by Venezuela, Brazil, Suriname and the Atlantic Ocean, the lively locals - a melting pot of East Indian and African descendants, peppered with Chinese, Europeans and Amerindians - create a culture decidedly more Caribbean than Latin.

Lonely Planet Caribbean Islands - Lonely Planet 2017-11-01

Lonely Planet: The world's leading travel guide publisher Lonely Planet Caribbean Islands is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. You'll also find our content online, and in mobile apps, video, 14 languages, nine international magazines, armchair and lifestyle books, ebooks, and more. Important Notice: The digital edition of this book may not contain all of the images found in the physical edition.

The Traveller's Tree - Patrick Leigh Fermor 2011-11-09

In the late 1940s Patrick Leigh Fermor, now widely regarded as one of the twentieth century's greatest travel writers, set out to explore the then relatively little-visited islands of the Caribbean. Rather than a comprehensive political or historical study of the region, *The Traveller's Tree*, Leigh Fermor's first book, gives us his own vivid, idiosyncratic impressions of Guadeloupe, Martinique, Dominica, Barbados, Trinidad, and Haiti, among other islands. Here we watch Leigh Fermor walk the dusty roads of the countryside and the broad avenues of former colonial capitals, equally at home among the peasant and the elite, the laborer and the artist. He listens to steel drum bands, delights in the Congo dancing that closes out Havana's Carnival, and observes vodou and Rastafarian rites, all with the generous curiosity and easy erudition that readers will recognize from his subsequent classic accounts *A Time of Gifts* and *Between the Woods and the Water*.

St Helena - Sue Steiner 2007

A guidebook for true explorers, the south Atlantic islands of St Helena, Ascension and Tristan da Cunha are isolated and therefore a fascinating destination for travellers who enjoy a completely different vacation. Their remote location has led to a host of endemic plant species and large seabird colonies, meaning the islands appeal to botanists and birdwatchers the world over.

St Lucia and Dominica - Lizzie Williams 2017-10-16

Lush, tropical landscapes define this area of the Caribbean. From the low-key and traditional Dominica to the spectacular mountains of St Lucia, there is much to explore. This Footprint Handbook provides invaluable information on transport, accommodation, eating and entertainment to ensure that your trip includes the best of these accessible and rewarding Caribbean destinations.* Essentials section with useful advice on getting to and around St Lucia & Dominica.* Comprehensive, up-to-date listings of where to eat, sleep and relax.* Includes information on tour operators and activities, from diving in turquoise waters to admiring the French colonial architecture.* Detailed maps for St Lucia & Dominica.* Slim enough to fit in your pocket. With detailed information on all the main sights, plus many lesser-known attractions, Footprint's St Lucia & Dominica Handbook (Includes Fort-de-France (Martinique), Castries, Soufriere & Roseau) provides concise and comprehensive coverage of one of the Caribbean's most undiscovered regions.

Dominica - Paul Crask 2008-02

A comprehensive travel guide to Dominica, with maps and information on hotels and restaurants, shopping and entertainment, and other interesting tourist sites.

Peruvian Wildlife - Barry Walker 2007

Fancy seeing a majestic Andean condor gliding on the thermals, finding a timid vischacha scampering among rocks or encountering the elusive puma? This lively guide covers the range of Peruvian Andes habitats - from the humid cloud forests and windblown Puna grasslands to the elevated Polylepis woodlands - and the region's most interesting species of flora and fauna. Written by tour leaders for visitors, trekkers and natural-history enthusiasts alike, this compact and beautifully illustrated guide shows you what to find and where to find it. It makes a fantastic souvenir to boot !

Dominica - Paul Crask 2008-01-01

The complete travel guide exploring every aspect of the Caribbean island of Dominica, with particular appeal to eco-tourists and watersports enthusiasts with plenty of information on cultural aspects of the island.

Dominica - Paul Crask 2011

The first and only dedicated guide to the gorgeous 'Nature Isle of the Caribbean'.

Food Cultures of the World Encyclopedia [4 volumes] - Ken Albala 2011-05-25

This comprehensive reference work introduces food culture from more than 150 countries and cultures around the world—including some from remote and unexpected peoples and places. • Entries covering over 150 countries and cultures from around the world • More than 100 expert contributors • Vignettes • An index that facilitates cross-cultural comparison

A Question and Answer Guide to Astronomy - Carol Christian 2017-03-23

Are we alone in the Universe? Was there anything before the Big Bang? Are there other universes? What makes stars shine? Where does Earth's water come from? Why is the night sky dark? Was there ever life on Mars? How do telescopes work? This engaging guide book answers all these questions and hundreds more, making it a practical reference for anyone who has ever wondered what is out in the cosmos, where it all comes from, and how it all works. Richly illustrated in color throughout, it gives simple yet rigorous explanations in non-technical language, summarizing current astronomical knowledge, without overlooking the important underlying scientific principles. This second edition includes substantial new material throughout, including the latest findings from the New Horizons, Rosetta, and Dawn space missions, and images from professional telescopes such as the Hubble Space Telescope and the Atacama Large Millimeter Array.

Dominica - Paul Crask 2016-10-05

Tiny but perfectly-formed Dominica is one of the most naturally dramatic islands of the Lesser Antilles. This guidebook offers practical information on the growing health and wellness holidays, weddings and yachting parties as well as extended coverage of the rich cultural heritage

Uganda - Philip Briggs 2010

Whether visitors want to climb to the snows of the fabled Mountains of the Moon, raft the headwaters of the mighty Nile, or marvel at the legendary tree-climbing lions of Ishasha, this edition is the most comprehensive resource available.

Birds of Ethiopia and Eritrea - John Ash 2009-04-20

This groundbreaking book is the first ever comprehensive account of avifauna in one of the most diverse and least known areas of Africa.
