Slides for Students - Gary D. Fisk 2018-10-16

300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. Slides for Students does just that. Slides for Students is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided into two parts, Slides for Students discusses the history of powerpoint, explores academic studies on the topic, and demonstrates how to design slides to best suit educational needs and engage with students to avoid the dreaded "death by powerpoint."

100 Tricks to Appear Smart in Meetings - Sarah Cooper 2016-10-04

Funny because it's true. From the creator of the viral sensation "10 Tricks to Appear Smart in Meetings" comes the must-have book you never knew you needed, 100 Tricks to Appear Smart in Meetings. In it, you will learn how to appear smart in less than half the time it takes to actually learn anything. You know those subtle tricks your coworkers are all guilty of? The constant nodding, pretend concentration, useless rhetorical questions? These tricks make them seem like they know what they're doing when in fact they have no clue. This behavior is so ingrained, so subtle, and so often mistaken for true intelligence that identifying it, calling it out, or compiling it into an exhaustive digest has never been attempted. Until now. Complete with illustrated tips, examples, and scenarios, 100 Tricks gives you actionable ways to use words like "actionable," in order to sound smart. Every type of meeting is covered, from general meetings where you stopped paying attention almost immediately, to one-on-one meetings you zoned out on, to impromptu meetings you were painfully subjected to at the last minute. It's all here. Open this book to any page and find an easy-to-digest trick with an even easier-to-digest illustration, guiding you on: how to nail the big meeting by pacing and nodding most effective ways to listen to your coworkers while still completely ignoring them the key to making your presentations "interactive." If you hadn't noticed these behaviors before, you will see them now—from your colleagues, your managers, and soon yourself. Each trick is a mirror to the reality of what happens in meetings, told in the form of hilariously bad advice—advice that you might just want to take. But probably not. But maybe.

Speak Up Speak Out - Caps Vancouver 2003

Speak up Speak Out - A new book for the speaking professional, presented by CAPS, Vancouver Chapter. CAPS Vancouver chapter has brought together 14 of Canada's leading speakers to present 'Speak up Speak out', a book offering down to earth advice and tips on running and developing a professional speaking business. For the seasoned professional or novice speaker, the book is Jam-packed with "how to's on all topics regarding the speaking profession, something can be learned from every chapter. An easy read, 'Speak up Speak out' is a book for both the avid and casual reader, whatever your preference, reading

cover to cover or just picking out individual chapters of interest, there's something in it for everyone. Easily slipped into a briefcase, it's a resource that can travel with you. Flowing seamlessly from beginning to end, the authors offer the benefit of their experience, from managing a speaking business, to marketing and selling your services. There are over 50 platform tips, how to add stories, ideas on how speakers use the Internet, the physical and mental prep as well as moving from training to keynotes and much, much more. The business of speaking is about entertaining the audience as much as imparting information. A little levity can go a long way to enhancing the success of a presentation. For a talented few, humour comes naturally, the rest of us have to work on it. David Granirer shows how stand up comedy can be used to captivate your audience. After reading this chapter you could have them rolling in the aisles. How many speakers talk about writing a book, but never quite get round to it? Best selling author Frances McGuckin shows how. Frances goes through the stages from concept to publishing and marketing your masterpiece. Whether to self publish or use a publishing house. The value of the information offered by this talented group of authors is incalculable. This book puts their experience and expertise within the grasp of us all, whenever we may need it.

Elizabeth and the Time-Travel Car - ,Alexa 2022-06-03

Elizabeth and the Time-Travel Car: Part 1 is a story about second chances, time travel, romance, and faith. Elizabeth made bad choices in her life that she regretted. She said things she wished she could take back. She ran into bad people who cared little about anyone. They tried to make sure she and other people would not exist in the future. They sent people to a dystopian world that was upside down, where there was silence everywhere and people had blank expressions and were empty inside. Elizabeth wanted her life back and began to fight back. While in this hopeless time in her life, she met some wonderful people who shared the gospel of Christ with her and reminded her that love, the grace of Christ, and forgiveness are powerful. Most importantly, we should never be too hard on ourselves. What people intend for evil, our heavenly Father will turn it around for good for those who love and obey him. Throughout this journey, Elizabeth learned to hope and smile again while meeting her future husband, who was clearly godsent.

The Qualities of a Master Teacher Today - Randall G. Glading 2017-03-01

The profession of teaching has experienced radical change over the past several years. The movement away from traditional teaching styles has opened up the classroom to exciting and innovative learning experiences. Every day students participate in activities that elicit higher order thinking skills and inquiry. These creative teaching techniques place the child in the center of learning. The entire school community needs to understand these current pedagogical practices. The role of the teacher has also evolved over time. Teachers are looked upon today to do so much more, to be responsible for the academic, social and emotional growth of the child. It is important that all members of an academic community, administrators, teachers, parents and students understand the qualities that embody a master teacher today. In addition, aspiring individuals in teacher preparation programs need to understand what lies ahead and the evolution of pedagogy. Effective teaching is the foundation of every academic community. The establishment of a positive culture for learning is the responsibility of each and every teacher.

The Vampire Goes to College - Lisa A. Nevárez 2013-12-03

This collection of original essays presents pedagogical tools, methods, and approaches for incorporating the figure of the vampire into the learning environment of the college classroom, in the hopes of ushering the Undead out of the coffin and into the classroom. The essays foster interdisciplinary collaboration and dialogue, and serve as a collective resource for those currently teaching the vampire as well as newcomers to vampire studies. Opening with a foreword by Sam George, the collection is organized around such topics as historicizing the vampire, teaching the diverse vampire, and engaging the student learner. Interwoven throughout the volume are strategies for incorporating writing instruction and generating conversations about texts ("texts" defined broadly so as to include film and other media). The vampire allows instructors to explore timeless themes such as life and death, love and passion, immortality, and monstrosity and Otherness.

The Importance of Civility - T. S. Bogorad, Esq. 2006-09-01

Your choices, charm, and chutzpah can revitalize your community. In her first book, Bogorad reminds us that we are all social beings, who need to socially interact to thrive as individuals and to sustain strong communities. She shares with us the theory that social isolation leads to victimization and weakens our communities. And she warns us that social cannibalism may consume us if we continue to ignore our need and our obligation to socially interact with each other. If you are a person whose community has been weakened by incivility, victimization, and/or addiction, the ideas within her book may help you strengthen your community. Or if you are a person, who has minimal contact with other people, her ideas may provide you with a reason to increase the quantity and quality of your interactions. Or if you are a person, who lives in a community without incivility, victimization, and addiction, the contents of her book may help you understand those of us whose social environment is not as perfect as yours. But no matter who you are, reading her book will cause you to wonder about the importance of civility and the costs of incivility. Remember: We all need a village. And ponder: What we do not say does hurt us, and our polite interaction with others strengthens us and our community. according to Bogorad.

PowerPoint Surgery: How to create presentation slides that make your message stick - Lee Jackson 2013-10-06

Sometimes when things get really bad, surgery is required. Bad Powerpoint* (and boring presentations) are everywhere! it appears that they have almost become the norm and very few people seem to want to talk about it. It doesn't have to be that way. Bad presentations are costly. They can cost money, jobs and reputations, don't let your slides ruin your pitch. In this funny, cut-to-the-chase and down-to-earth book professional speaker Lee Jackson will wean you, and your workplace off bad slides forever. He'll also teach you how good presentation slides can work for you and help you stand out from the crowd. Using these simple techniques we can kill death by bullet-point once and for all. JOIN THE FIGHT TODAY! (N.B. This book is a colour paperback and illustrated with full colour slides.) " Lee takes a clever and refreshing approach to presentation mastery. " Nancy Duarte - author of 'Slide:ology', 'Resonate' and principal of Duarte (creators of the slides/visuals for Academy Award-winning film, 'An Inconvenient Truth') " Powerpoint Surgery is an invaluable resource...and I highly recommend it... " Jeremy Waite - Head of Social Strategy, Adobe EMEA " Lee Jackson takes PowerPoint presentations from boring to brilliant. " Alan Stevens FPSA - Past President Global Speakers Federation and co-author of 'The Exceptional Speaker' " ...a masterclass of creating sublime slides & presentations, but be warned, you may never be able to sit through a presentation again without thinking of Lee Jackson! " Geoff Ramm - President 2013 Professional Speaking Association UK and Ireland "Jackson has got a bl***y nerve asking me to write a testimonial for his book. You see, I am a proudly militant Anti-PowerPoint Bigot, but somehow, he has turned the Indefensible into the Indispensable! " Graham Davies - best selling author of 'The Presentation Coach' *Why Bad Presentations Happen to Good Causes* - Andy Goodman 2006

Better Presentations - Jonathan Schwabish 2016-11-15

Whether you are a university professor, researcher at a think tank, graduate student, or analyst at a private firm, chances are that at some point you have presented your work in front of an audience. Most of us approach this task by converting a written document into slides, but the result is often a text-heavy presentation saddled with bullet points, stock images, and graphs too complex for an audience to decipher—much less understand. Presenting is fundamentally different from writing, and with only a little more time, a little more effort, and a little more planning, you can communicate your work with force and clarity. Designed for presenters of scholarly or data-intensive content, Better Presentations details essential strategies for developing clear, sophisticated, and visually captivating presentations. Following three core principles—visualize, unify, and focus—Better Presentations describes how to visualize data effectively, find and use images appropriately, choose sensible fonts and colors, edit text for powerful delivery, and restructure a written argument for maximum engagement and persuasion. With a range of clear examples for what to do (and what not to do), the practical package offered in Better Presentations shares the best techniques to display work and the best tactics for winning over audiences. It pushes presenters past the frustration and intimidation of the process to more effective, memorable, and persuasive presentations.

A Trainer's Guide to PowerPoint - Mike Parkinson 2018-10-02

Learn the Secrets Needed to Master PowerPoint for Training As a successful facilitator, you know the importance of the resources in your professional toolkit. How you engage your audience and improve learning can be affected by how well you use them. But mastery of PowerPoint evades many. Feedback on presentations can range from "What was the point?" to "That changed my life." Most, though, fall closer to the former. If you are looking for a guide to the PowerPoint practices that will push your presentations into the latter category, look no further. A Trainer's Guide to PowerPoint: Best Practices for Master Presenters is Mike Parkinson's master class on the art of PowerPoint. While Parkinson wants you to understand how amazing a tool PowerPoint is, he's the first to tell you that there is no magic button to make awesome slides. There are, however, proven processes and tools that deliver successful PowerPoint content each and every time you use them. In this book he shares them, detailing his award-winning PowerPoint process and guiding you through three phases of presentation development—discover, design, and deliver. What's more, Parkinson is a Microsoft PowerPoint MVP—most valuable professional—an honorific bestowed by Microsoft on those with "very deep knowledge of Microsoft products and services." He shares not only his tips and best practices for presentation success, but also those from several of his fellow MVPs. Parkinson invites you to master PowerPoint as a tool—just like a paintbrush and paint—and to realize that the tool doesn't make the art, you do.

Confessions of a Public Speaker - Scott Berkun 2009-10-20

In this hilarious and highly practical book, author and professional speaker Scott Berkun reveals the techniques behind what great communicators do, and shows how anyone can learn to use them well. For managers and teachers -- and anyone else who talks and expects someone to listen -- Confessions of a

Public Speaker provides an insider's perspective on how to effectively present ideas to anyone. It's a unique, entertaining, and instructional romp through the embarrassments and triumphs Scott has experienced over 15 years of speaking to crowds of all sizes. With lively lessons and surprising confessions, you'll get new insights into the art of persuasion -- as well as teaching, learning, and performance -- directly from a master of the trade. Highlights include: Berkun's hard-won and simple philosophy, culled from years of lectures, teaching courses, and hours of appearances on NPR, MSNBC, and CNBC Practical advice, including how to work a tough room, the science of not boring people, how to survive the attack of the butterflies, and what to do when things go wrong The inside scoop on who earns \$30,000 for a one-hour lecture and why The worst -- and funniest -- disaster stories you've ever heard (plus countermeasures you can use) Filled with humorous and illuminating stories of thrilling performances and real-life disasters, Confessions of a Public Speaker is inspirational, devastatingly honest, and a blast to read.

Being Wrong - Kathryn Schulz 2011-01-04

To err is human. Yet most of us go through life assuming (and sometimes insisting) that we are right about nearly everything, from the origins of the universe to how to load the dishwasher. In Being Wrong, journalist Kathryn Schulz explores why we find it so gratifying to be right and so maddening to be mistaken. Drawing on thinkers as varied as Augustine, Darwin, Freud, Gertrude Stein, Alan Greenspan, and Groucho Marx, she shows that error is both a given and a gift—one that can transform our worldviews, our relationships, and ourselves.

Dialogue Gap - Peter Nixon 2012-02-06

The book that bridges the chasm between communication and understanding in negotiations For years Peter Nixon worked with people from all walks of life, teaching them the art of negotiation. But it soon became apparent that the issue was not negotiation itself, but dialogue between parties. We have become experts at sending information—via email, text message, Internet, TV, and other forms of media, communicating, but not engaging, in an active dialogue defined by collaborative thinking. In Dialogue Gap, Nixon explores this growing disconnect and its significance in an increasingly globalized world where the ability to engage with others—in order to address issues like climate change, cultural differences, etc.—has become essential. Helps the reader differentiate communication and dialogue Explores the make-up and causes of the "Dialogue Gap" and what constitutes "good" dialogue (the right people talking about the right issues in the right way at the right time and in the right place) Identifies the most common reasons people don't dialogue effectively and provides helpful tips on how to engage in more effective, productive dialogues Effective dialogue is essential for general success, ensuring that all key stakeholders—in business, politics, or elsewhere—get what they want in the most efficient and productive way possible. Looking at successful and failed dialogues the author has experienced first-hand in Asia, Europe, North America, the Caribbean, and the Middle East in both the public and private sector from across industries, Dialogue Gap provides essential information for making the most of your interactions with others.

Everything I Know about Life I Learned from PowerPoint - Russell Davies 2021

In the beginning was the Word. Now there's PowerPoint. It's used for weddings, warfare and webinars, for literature, lessons and law. And, of course, to tell everyone that Q4 is going to be a lot more challenging than Q3. PowerPoint is probably the most successful piece of software in history - but do you know who invented it? Or why it's banned in American courtrooms? Or which Pulitzer Prize-winning novel has a chapter entirely in PowerPoint? At its heart, PowerPoint is about presentation, theatre and culture. About how to think, create and persuade. And it's hated and loved in equal measure for reasons that tell us a lot about power and who gets to say what where. All of life is somewhere in a PowerPoint slide. Come inside to find out why.

Painting with Numbers - Randall Bolten 2012-04-03

Learn how to communicate better with numbers Whether you are distributing a report or giving a presentation, you have a lot of numbers to present and only a few minutes to get your point across. Your audience is busy and has a short attention span. Don't let an amateur presentation bog you down, confuse your audience, and damage your credibility. Instead, learn how to present numerical information effectively—in the same way you learned how to speak or write. With Painting with Numbers, you'll discover how to present numbers clearly and effectively so your ideas and your presentation shine. Use the

Arabic numeral system to your advantage master the use of layout and visual effects to communicate powerfully Understand how audiences process your information and how that affects your "personal brand image" Learn how to be perceived as a professional who truly understands the business concepts and issues underlying your numbers Use software tools, including Excel, PowerPoint, and graphs, efficiently and to drive home your point Author Randall Bolten shares his decades of experience as a senior finance executive distilling complicated information into clear presentations, to help you make your numerical information more comprehensible, meaningful, and accessible. Painting with Numbers is brimming with hands-on advice, techniques, tools, rules, and guidelines for producing clear, attractive, and effective quantation (the word the author has coined for the skill of presenting numbers).

Rise Above - Greg Little 2011-09-01

Rise Above is a detailed description of one man's journey of conquering adversity. You will read how the writer survived a near-fatal motor vehicle accident, which resulted in three skull fractures, a bruised brain, an eight-day coma and having to relearn how to walk and talk - made all the more challenging by a lingering speech impediment acquired in childhood. Stuttering is an awful burden for a person to carry throughout life. Children can be cruel. The writer's utmost fear, speaking in public, would one day be an ally and allow him to present programs extensively throughout the United States. This book is not about surviving adversity. It's about thriving beyond adversity. Greg Little, a nationally renowned speaker and motivator, has presented to diverse groups, including health care, business and professional organizations, and educational institutions. His programs emphasize active involvement by participants. Whether teaching professionals to cope with stress, bond as a productive group or realize their hidden strengths, his seminars and keynote addresses are hard hitting and memorable. During one of Greg's presentations, I was laughing so hard that tears were literally streaming down my face. - Dr. Ed Kesgen; Sylva, NC One of the most energized, creative and innovate presentations I have ever experienced. - Jim Brennan, National Consultant; Wilbraham, MA Dr. Greg Little is superb speaker. This is an excellent investment in continuing education - Nancy DeBolt; Torrington, WY

Ditch That Textbook - Matt Miller 2015-04-13

Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

21st Century Solicitor - Steve Weiner 2011-10-24

This might be news: success as a twenty-first century solicitor is not dependent on your technical aptitude alone. Sorry. As well as the basic requirements of understanding and applying the law superbly, you are also now expected to master a whole suite of so-called 'soft skills' -- communicating empathetically, acting commercially, writing carefully, presenting brilliantly, networking sensibly and building relationships enthusiastically. These skills might be called 'soft' by our industry, but the reality is that they are both

incredibly hard and vitally important -- especially as a junior commercial lawyer keen to make a likeable, professional, commercial and lasting positive impression on those in control of your embryonic career. Written by a lawyer with unique experience as a commercial practitioner, trainer and law-firm voyeur, this no-nonsense 'how to' guide is an honest, punchy and modern look at all the skills you don't get taught at law school, yet are absolutely critical to achieving success from day one of your life as a twenty-first century solicitor.
